Australian Sustainable Cities Awards

Lighting promise

If re-elected the Gillard Labor Government has promised substantial funds to deliver new floodlights for the Drummoyne Oval Precinct.

The announcement was made by Anthony Albanese, Federal Minister for Infrastructure and Local Government at the official launch of the upgraded Oval.

The commitment of \$1.75 million will deliver six lighting towers of international broadcasting standard to Drummoyne Oval.

The new lighting is an integral part of the Drummoyne Oval Precinct upgrade and will encourage an increase in national and international events being held at the Oval.

The funding will add to the Government's investment in Canada Bay's local infrastructure which includes \$5.3 million for the completed Oval upgrade.

Dr Harry Harinath, Chairman of Cricket NSW and board member of Cricket Australia, Member for Lowe, John Murphy, Federal Minister for Infrastructure and Local Government, Anthony Albanese, and Mayor Angelo Tsirekas cut the ribbon

Oval officially opened

The newly upgraded Drummoyne Oval Precinct was officially opened on 29 July by Anthony Albanese, Federal Minister for Infrastructure and Local Government and Labor Member for Lowe, John Murphy.

"Investing in the Drummoyne Oval redevelopment is an important part of Federal Labor's plans to build stronger local communities," Mr Albanese said.

"The upgrade will provide opportunities for the local community to enjoy international and national sporting and cultural events," added Mr Murphy.

This exciting project included construction of a new community facility and the renovation and extension of the existing club house. The existing club house now has new amenities, meeting rooms at the back and a viewing area at the front. In addition improved storm water and sustainable water management is now provided. Upgraded practice wickets and additional parking is on the way.

The upgrade was made possible through a successful \$5.3 million grant application through the Government's Regional and Local Community Infrastructure Projects program.

As part of the upgrade to the Oval, Council funded a fantastic new piece of artwork by Melbourne artist Anderson Hunt who installed the sculpture in July. Anderson, who was at the launch, is a talented artist who has produced many public artworks. At 22 metres long this stainless steel work is impressive and identifies the key themes for the Drummoyne Oval Precinct - sport, the water and the cultural heritage of the Parramatta River. See page two to see this wonderful piece of artwork.

Mayor's Message

The newly upgraded Drummoyne Oval Precinct was officially opened late last month by Anthony Albanese, Federal Minister for Infrastructure and Local Government. The upgrade has been an important project that will deliver improved facilities and will play a key community role. I'd like to thank everyone involved in making this upgrade possible.

Council's first Money Month held in July was a great success. I hope many of you benefited from the seminars and talks and learnt more about how to manage your money.

Council is still seeking a total ban on fishing from commuter wharves. Council will keep a close eye on how effective the limited bans of 5-10am will be and take further action if necessary.

It's festival time again as Council prepares for this year's Italian festival Ferragosto'10 which promises to be a great family day out. As well as entertainment and a variety of stalls and fantastic food areas, celebrity chef Janelle Bloom joins us at FerraKitchen along with local chefs. A special Ferragosto pull-out is featured in this issue.

Getting to know you

Earlier this year, Council adopted two important new policies: our Communication Policy and Community Engagement Policy.

New policies do not always make a great story but they are important because they govern how Council will communicate and consult with you.

Council's Communication Policy commits us to actively communicate, putting out views and seeking views, information, feedback and advice across various mediums. Council will endeavour to use the highest standards of ethical practice and professional competence in its communications methods.

The Policy encourages use of the internet and social media tools and we will be

looking at the best ways to stay in touch.

Our Community Engagement Policy sets out a framework through which community engagement will be considered and delivered. Those affected by decisions have a right to be involved in decision-making and this often achieves better outcomes. However this is not always practical or possible for every decision, so when something has the potential to impact the local community significantly, Council will seek to involve those potentially affected by or with an interest in the decision. Both policies are available on Council's website.

Community members participate in City of Canada Bay community engagement

Mayor Angelo Tsirekas with winners of the Truck Art Design competition

Grand designs

For five boys, three of them brothers, winning the Truck Art Design competition for the City of Canada Bay's new Hino Hybrid - a diesel-electric truck that provides reductions in carbon dioxide emissions and fuel consumption - was a real treat.

Brothers Vittorio, Alexander and Anthony Fioretto plus Adam Hatzigiannis and Ryan Giang will have their designs seen by all as the truck goes about its business in Canada Bay. The overall design on the truck is a combination of each individual design.

The Truck Art youth program is part of a number of successful Council initiatives aimed at reducing the City's carbon imprint while incorporating new technologies. The colourful truck will act as a reminder of the importance to be environmentally friendly.

Healthy ageing

Learn about healthy ageing in Council's ongoing series of Health Forums.

Presented in partnership with Concord Hospital this free event will take place on Monday, 13 September at 6.45-9pm at Concord Hospital Clinical Services Lecture Theatre.

The forum will discuss a variety of issues about living longer and healthier lives. Australians are living longer and to get the most out of life, being mobile, free of pain and mentally alert is important; however it's not just physical health, but also psychological wellbeing that plays a vital role. To find out more about these issues, come along to hear a panel of experts discuss

how to make the most out of life. The panel will be headed by Professor David Le Couteur, Professor of Geriatric Medicine from Concord Hospital. Included in the discussion will be nutrition, the importance of staying active, falls prevention, maintaining social connections and how to stay healthy and happy. There will also be the opportunity to ask questions of panel members.

Bookings are essential by 1 September. To reserve your place contact 9911 6580 or email publichealth@canadabay.nsw.gov.au.

Library self service

Council's library services are gearing up to implement an exciting new self service system over the coming months.

Soon you'll be able to check out your own items and manage your loans using the latest in self service technology.

The library service has adopted this technology to manage the large increase in loans since 2004. In the 2003-4 financial year, Canada Bay libraries lent 386,433 items which increased to a staggering 543,293 in 2008-9, with only a small increase in staff.

The new self service system means staff will be redirected to better community engagement through programs and events. Staff desk duties will also be more dedicated to enhanced customer service so instead of a check-out focus, staff will interact more with the community through reference and readers' advisory enquiries.

Staff will be on hand to assist with the new service as it is implemented. We look forward to seeing you at a Canada Bay library soon.

Water award

The City of Canada Bay has been recognised for an outstanding environmental initiative.

At the recent Keep Australia Beautiful, Sustainable Cities Awards, Council received the Grundfos Water Conservation Award for a project that uses the weather to conserve water and energy.

The project, *Saving Energy and Water by Using the Weather* uses a communication network to control lighting and water usage in open spaces within Canada Bay. The communication system is connected to a weather station that monitors weather characteristics such as rain fall, wind direction and wind speed, feeding the information into the control system and calculating the amount of water to be used for irrigation.

Winning this award is a great example of Council combining technology and nature for the benefit of the local area and environment. It's a great example of successfully developing sustainable ways of doing things to conserve natural resources.

Mayor Angelo Tsirekas and Five Dock Leisure Centre Manager David Semmens give colleague Tony Dunn a helping hand – the Centre will hold a special interactive expo during Wellness Week

Local business events

Council works with local businesses to provide expos, seminars and competitions for the people of Canada Bay. The programs coming up cover renovating, heritage and sustainability, all to be held at Concord Library - see the events calendar on page 11 for details.

Other key business events initiated by Council include:

Wellness Week 3-13 September 2010

Over 50 local businesses are partnering with Council to provide a range of free seminars, specials and a one day Wellness Expo to be held at Five Dock Leisure Centre on Saturday, 4 September.

With over 40 free activities and seminars on offer, Wellness Week provides an opportunity for the community to improve its wellbeing by being active, eating well, reducing stress and generally seeking help on health issues.

From 8.30am the Wellness Expo will offer free activities such as gym classes, and over 40 health and wellbeing exhibits provided by local businesses.

For the children, a kids' yoga class will get them stretching and karate and stuntman demonstrations will keep them entertained and engaged.

For details contact Council on 9911 6555 or visit www.wellnessweek.info.

Eat Out Every Week

Local food businesses recently accredited in Council's Food Safety Star Rating Project are celebrating their success by providing great specials and regular competitions for the community. Don't miss this great opportunity. For details contact Council on 9911 6555 or visit www.eatoutweek.com.au.

10AM-4PM
SUNDAY, 15 AUGUST

ferragosto

GREAT NORTH ROAD, FIVE DOCK

FerraKitchen

Feast of the senses

FerraKitchen will be a feast of the senses at Ferragosto'10 with special guest celebrity chef Janelle Bloom!

FerraKitchen is a major component of Ferragosto each year and showcases leading local chefs and providores as they cook for an admiring crowd. Watch these leading chefs cook and learn about food and wine. This year the winner of the Cook with Janelle Bloom competition will be on stage to join Janelle cooking a special dish featuring mushrooms.

Culinary delights await at FerraKitchen!

FerraSounds

Music for the soul

Come and let the sights, sounds and smells of Italy feed your soul at Ferragosto'10.

The City of Canada Bay's annual Italian festival, Ferragosto is back for its 13th year on Sunday, 15 August at 10am to 4pm on Great North Road, Five Dock.

Ferragosto is the City's biggest festival and there is even more on offer in 2010!

Three stages will feature non-stop music and dancing. With a mix of Italian, homegrown and children's entertainment, there is something for everyone!

Italia will reign supreme on the main stage with an array of entertainment from traditional Italian folk songs and dancing to modern Italian music. This year we welcome to the stage award winning singer/songwriter Juliana Melfi, Italian crooner Grant Galea and Italian tenor, born in Italy, now living in Sydney Angelo Di Bella.

Local talent will entertain the crowds on the homegrown stage with performances from the likes of Sydney's 'Glee Club', local dance company Q2 Dance, Five Dock Music School students, Italian pop vocalist Jessica Illuano and My Guitar School's finest up and coming talent.

Ferragosto is proudly brought to you by City of Canada Bay and supported by the Commonwealth Bank, Canada Bay Club, Adshel, Club Five Dock, Transpacific Cleanaway and the Inner West Courier.

FerraKids

Fun for the kids!

There will be even more fun for the kids at Ferragosto this year!

Ferragosto10' will feature a stage in an all new location especially for the kids! FerraKids will have a fantastic range of entertainment including dancing, music, puppet shows, karate demonstrations, rides, roving performers, the giant gingerbread men, plus lots more!

Don't miss the Jitter Jack Puppy Show!

FerraMarket

To market to market!

You can shop up a storm at Ferragosto this year!

Over 100 market stalls will line Great North Road, including a tempting array of food from Italy and around the world. Feast your eyes (and your stomach) on authentic Italian flat breads, traditional wood fired pizza, home made gnocchi and sausages. Take a trip around Europe with Italian inspired crepes, Spanish paella, Greek souvlaki, fine Portuguese fare, Turkish gozleme and continental corn on the cob. And to top it off, don't forget the sweets. Choose from pastries, gingerbread, gelato, pancakes, boutique chocolates and flavoured liquorice. Enjoy a cup of Italian coffee made fresh from one of the strip's many fine barristas!

Other market stalls will offer everything from lanterns, fashion, jewellery, accessories, arts and craft and musical instruments.

FerraPiazza and wine market

Atmosferra Italiana

FerraPiazza, Ferragosto's very own Italian square inspired by the traditional Italian piazza returns to the festival this year in an exciting new position.

Taste a selection of wine straight from the vineyard in the Ferra Wine Market. Fine wine maker Petersons will be there with fabulous wines from the Hunter Valley, Mudgee and Armidale regions along with Littles Winery with a classic range of reserve wines from their Pokolbin vineyard. Other wineries include Peterson House, Tintilla Estate, Allandale Winery, Razorback Ridge, Catherine Vale Wines and the Ballabourneen Wine Company.

Sit back and soak up the ambience of a charming Italian piazza as the sights, sounds and smells delight. Enjoy a slice of traditional wood fired pizza straight from the oven, perhaps an Italian flavoured crepe, or simply indulge in an ice cream in the square. Enjoy a variety of music as roving entertainers visit throughout the day.

FerraPiazza is also the place to learn more about Italian culture in Australia and to find out all there is to know about Italia. In particular, you'll be able to find out about some of the regions where our local Italian community hails from. Drop in and enjoy a taste of Italy!

Angelo Di Bella on the Main Stage

Juliana Melfi on the Main and Homegrown Stage

FerraCars Classic shine

Last year it was Fiats on show at Ferragosto. In 2010 it's the Alfa Romeo Car Owners Club of NSW.

They will step into the limelight to put on a fabulous display of hand picked Alfa Romeo racing cars that will appeal to all car lovers! Take a walk up Garfield Street to see this great display and take the chance to get up close to these wonderful cars.

Complementing the cars will be a superb display of motor bikes from the Ducati Club. Don't miss these classic bikes on Great North Road.

FerraKitchen Janelle Bloom

Cooking at home with her family from a young age kick started celebrity chef Janelle Bloom's passion for food.

"Growing up I was, and still am, blessed. Food is a big part of our family life. My two sisters and I would spend countless hours in the kitchen during the week with my mum and on weekends with my Nan and Aunty. We would cook, chat, laugh, spend quality time together and then eat, which was always the best part!" said Janelle.

"I knew I wanted to pursue cooking as a career early on and possibly teach but didn't like teacher's college as it took me away from home, so returned to study food at TAFE and I've never looked back."

Janelle is now one of Australia's most-loved food writers and believes good cooking begins with confidence and a little patience.

"Cooking is about starting with a recipe you trust with good quality ingredients, a little patience and confidence. You can also beat the daily boredom of cooking an evening meal by trying new things as cooking ceases to be a chore when there's variety."

Janelle is one of the original chef's from Network Ten's *Ready Steady Cook* and has

recently published a best seller called *Fab Food for Family and Friends*.

You can see Janelle cook with one of her favourite ingredients, mushrooms at FerraKitchen located at Fred Kelly Place. Don't miss it!

Ferra Highlights

- Italian ambiance all around
- Juliana Melfi, Grant Galea and Angelo Di Bella on the Main Stage
- Glee Club, Jessica Illuano and Jess Chalker on the Homegrown Stage
- Jitter Jack Puppy and Murphy's Puppets at FerraKids
- Cook with Janelle Bloom at FerraKitchen
- FerraKitchen cooking demos and tastings
- Ducati motor bike and Alfa Romeo racing car displays
- Great food and market stalls!

Moving messages

Moving messages - an initiative of the Sustainable City Committee (SCC) - was launched recently.

The Committee developed a series of sustainable messages which have been placed on a selection of Council's field and service vehicles.

The key points of these messages are that small changes in behaviour can reduce what we consume and result in significant sustainable impacts. The messages aim to encourage the community to think about sustainability.

Formed in 2003 the SCC comprises a diverse cross section of the community including residents, Councillors and Council staff, who share a passion to make Canada Bay a more sustainable place to live and work.

The Committee meets every second month, on a Thursday from 7-9pm and new members are always welcome. To find out more contact 9911 6555 or email environment@canadabay.nsw.gov.au.

Every drop counts

Council is committed to reducing water consumption wherever it can.

Council's Water Leak Monitoring Program focuses on Council owned buildings and other facilities. The program aims to reduce water consumption and waste by identifying water leakages from toilets, taps and bubblers at local parks, playing fields and Council buildings.

Sydney Water is working with Council to collect the data and provide analysis with initial findings showing that the program can help reduce an average ten per cent of water use over all sites.

The second part of the program involves fixing identified leaks through a process of repair and renewal, to ensure that water is used effectively within the local area.

Council encourages all residents to participate in water saving initiatives by

monitoring water leaks and quarterly bills as well as taking periodic water meter readings.

For more information, please contact Council's City Assets team on 9911 6555.

Rafaah Mian, Council's Student Engineer checks the reading on a water saving device

Free chemical disposal

Get rid of those household chemicals at Council's next Chemical Clean Out.

The Clean Out will be held on Saturday, 16 October at 9am-3.30pm, Cintra Park car park, Crane Street, Concord.

Council is hosting the Inner West's Household Chemical Clean Out which is run by the Department of Environment and Climate Change.

We encourage residents to make their home a safer place by correctly disposing of chemicals they have stored away. These include paints, poisons, pesticides, herbicides, motor oil, pool chemicals, batteries, fire extinguishers and more. For details contact 131 555 or visit www.environment.nsw.gov.au.

Bushcare rehab

Council has received a grant for the Yaralla Bush Rehabilitation Project from the Sydney Metropolitan Catchment Management Authority.

The grant, which complements a previous NSW Environmental Trust grant, will facilitate ongoing regeneration work and weed control. A stock proof fence will also be installed.

The Yaralla Bushcare Volunteers meet one morning a month to work on this valuable piece of native bush. To get involved contact Council's Bushcare Coordinator on 9911 6555.

Aboriginal culture celebrated

Aboriginal Artists Joe Hurst and Aunty Elaine Russell enjoyed NAIDOC celebrations with Council this year.

Both are pictured at Joe's exhibition opening and Council's NAIDOC Week launch held at Five Dock Library in July.

NAIDOC originally stood for 'National Aborigines and Islanders Day Observance Committee'. This committee was once responsible for organising national activities during NAIDOC Week and its acronym has since become the name of the week itself.

Before you renovate

Before You Renovate is a free seminar for residents thinking of building a new home, adding an extension or renovating.

It's a great way to find out all you need to know before commencing work on a property.

Learn the difference between exempt and complying development, how the development application process works, how to build sustainably and if there are rebates available to you.

Before You Renovate will be held on Tuesday, 31 August from 6.30pm at Concord Library.

Contact Council's Economic Development team on 9911 6555 or email business@canadabay.nsw.gov.au to book.

Ticket to ride

An additional BayRider bus service will soon be in operation.

Following the identification of destinations needing additional transport services during community consultation for Council's FuturesPlan20 and Positive Ageing Strategy, this door to door service will run on Wednesdays from October.

Transport will be provided to: Concord Library, Concord Hospital, Rhodes Shopping Centre, Five Dock Shopping Centre and Burwood medical appointments on an alternating timetable.

Priority will be given to people who are not eligible to use other community transport services and a gold coin donation will be requested.

The service will be coordinated by Drummoyne Community Centre and the existing BayRider service will continue to provide a shuttle bus service on Thursdays for residents with transport difficulties wishing to access facilities within the Canada Bay area.

To register your interest or for more information, please contact Drummoyne Community Centre on 9719 8102 or email ccinc@ozemail.com.au.

Mayor Angelo Tsirekas and Councillor Jeanette O'Hara with community members at the launch of the new community bus in March 2010

Member for Lowe, John Murphy with Mayor Angelo Tsirekas and community participants at last year's Relay for Life

Relay for Life

The Inner West Relay for Life cancer fundraiser is on Saturday and Sunday, 30 and 31 October at 9.30am, Sid Richards Oval, Nullawarra Avenue, Concord West. This 24 hour event raises money for the NSW Cancer Council. As well as raising funds this will be a fun day out with live entertainment, food stalls and children's

activities. Teams need to be registered and participants take turns to walk or run around the oval. There are no age limits or fitness requirements. You can stay for the whole event, camp overnight, or just visit and walk a few laps. For details visit www.relayforlife.org.au.

Author talk - Tony Park

Tony Park and his wife spend six months every year travelling around southern Africa where he researches and writes books.

His latest book *The Delta*, is an action packed tale of environmental action, civil war, love and betrayal. In his previous life, Tony was a journalist, government press secretary and served with the Australian Army in Afghanistan in 2002. Tony comes to Concord Library on Friday, 20 August at 1pm. Bookings are essential. Cost is \$7 and includes refreshments. Contact the library on 9911 6210 to book.

Council Meetings

City of Canada Bay Council meetings are held on the first and third Tuesday of each month. Development matters are usually dealt with at the meeting on the first Tuesday of the month. Meetings start at 6pm and are held at the Canada Bay Civic Centre. Council meeting agendas are available to the public in our libraries or on our website the Saturday before a meeting, and are also available from the Canada Bay Civic Centre on the Monday before a meeting.
