Community has its say on Drummoyne planning

Plans to improve the retail precinct in Victoria Road Drummoyne are well under way, following an allocation of \$250,000 from the Roads and Traffic Authority (RTA).

Council presented a comprehensive proposal for the reallocation of funds to the Drummoyne business precinct which was accepted by the RTA.

Two community workshops attracted more than 50 business and community members, who took out time to share their ideas on how the business precinct of Drummoyne can be improved.

Council is working with consultants Place Partners which has already conducted an audit of the area, presenting those findings to the workshops and giving stakeholders a starting point for future improvements.

The enthusiastic group was given plenty of food for thought for the preparation of an action plan to be presented to Council in April.

Thanks to the many people who took time to participate in the workshops and the audit.

Extra funding for Bay Run

Bay Run users will have more room to move on the popular cycleway, with \$175,000 recently allocated to a widening project.

The funding was provided through the Sharing Sydney Harbour Access Program and will be used to widen an area of the Bay Run between Thompson and South Streets, Drummoyne.

The project will be a continuation of the development of the Bay Run, which has provided locals and visitors better access to the harbour foreshore, while turning inaccessible areas and single walking tracks into a combine walkway and cycleway.

The Bay Run is also the setting for one of Sydney's most popular community annual runs usually held in August, bringing people together in the name of health, fun and fitness. So if you are a runner or walker keep your eye out for this great event.

The City of Canada Bay is committed to providing access to healthy lifestyle options, and the Bay Run which stretches from Iron Cove through Leichhardt to Drummoyne is just one of these key projects.

Mayor's Message

It's been a busy couple of months to start the year, with a variety of community consultations on a wide range of issues, including redeveloping Victoria Road and the Brett Park Carpark.

Council continues its commitment to hearing its community and I thank everyone who took time out to attend various workshops. Your contribution is valuable to Council's planning and your community.

Council's Operating Plan will be on public exhibition next month. This is the document that guides Council through planning and budget allocations for the next year. Although it is a lean budget, there are plenty of exciting improvements to assets and services planned. I congratulate all the staff who worked hard to make every cent count.

Public information sessions outlining the detail of the plan will be held at the Concord Library on Saturday, 30 April at 10am-12pm and again on Wednesday 4 May at 2-4pm. Five Dock Library will host a session on Monday 2 May from 10am-12pm. There will also be an information session Tuesday, 3 May at Five Dock Leisure Centre at 10am-12pm, and at Rhodes Community Centre at 2.30-4.30pm. An evening information session will be held at the Council's Administration Centre in Drummoyne on Wednesday 4 May between 6-8pm.

It is essential we get feedback from our community, not just on the immediate services provided but on our future plans, so please, get involved.

Mayor Angelo Tsirekas
City of Canada Bay

Delivering the goods

Council's draft 2011-12 Operating Plan, Budget and Fees and Charges are now on public exhibition and we want your feedback!

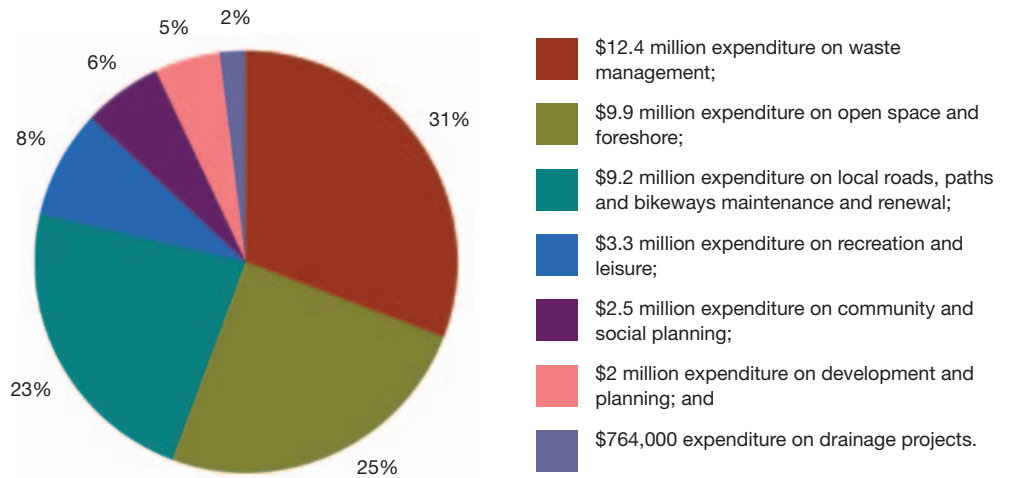

The draft plan covers the second year of activities of the 2010-13 Delivery Plan, which maps the way to achieve our community's strategic vision outlined in FuturesPlan20. The plan sets out every activity undertaken by Council to deliver an engaged, green, healthy, liveable, moving, prosperous and vibrant city.

Your rates at work

Council's Draft 2011-12 Budget is a balanced budget based on a rate increase of 2.8 per cent, as determined by the Independent Pricing and Regulatory Tribunal (IPART). The budget allows for total expenditure of approximately \$74.7 million. (See chart for more details.)

Back to basics

Council's plans for 2011-12 focus on the community's three key priorities: delivering services the community wants, being effective and efficient and maintaining our assets and infrastructure. The draft plans reflect a consolidation of many of the strategies and programs commenced in 2010-11. The capital works program includes important works such as recreation facility upgrades, the continued implementation of the 'Let's Play' playground strategy, construction of additional bike paths and upgrades to a number of shopping precincts.

A comparative breakdown of Council's expenditure budget

Have your say

The draft plans are on public exhibition until 8 May and you are encouraged to review these and provide feedback.

Drop-in information sessions provide the opportunity to talk with Council staff about the plans. Details are in the mayor's message opposite.

You can get a copy of summary information or the full planning documents from Council's office or libraries, or by visiting the website.

You can also join Council's newly revamped FuturesPlan20 Community Panel which will continue following a successful trial in 2010. Anyone who lives, works or has an interest in the City of Canada Bay can join to provide valuable feedback, opinions and ideas on issues the City faces. Contact Council on 9911 6555 or visit the website for more information.

People power for Kendall Bay

The Planning Assessment Commission (PAC) hearing into the Kendall Bay Marina development attracted around 100 people to hear submissions for and against the proposal.

The City of Canada Bay has consistently supported the local community in voicing its opposition to the marina and Mayor Angelo Tsirekas presented Council's submission against the development.

The three commissioners also heard from environmental and planning experts who detailed why the marina should not go ahead.

Council will continue to push for the immediate clean up of the Breakfast Point area, in line with remediation orders at the time of the development of Breakfast Point.

The final decision on the marina development is to be made by the Minister for Planning, with that decision still to be handed down. Keep an eye on Council's website for news updates.

Mayor Angelo Tsirekas with some of the more than 140 people who rallied last Saturday to protest the proposed Kendall Bay Marina.

\$30,000 for Concord Oval

The Concord Oval Precinct development received a welcome funding boost in February, when City of Canada Bay Mayor, Angelo Tsirekas, accepted \$30,000 to produce a plan of management from Planning Minister, Tony Kelly.

Council is currently developing a Plan of Management and Masterplan for the Concord Oval precinct with community consultation to take place soon.

Of the \$30,000 funding, \$5,000 has been specifically targeted to ensure the community is given the opportunity to have a say into the precinct's future.

The Concord Oval Precinct is a 6.5 hectare area bounded by Parramatta Road, Loftus and Gipps Streets.

This is one of the key sporting facilities in the City of Canada Bay.

Council will look at potential future use of the area to complement the playing fields, maintaining the associations with West Tigers NRL, West Harbour Rugby Union Club and Inter Lions Soccer Club as well

as the junior sporting groups using adjoining fields.

Mayor Tsirekas and Planning Minister Kelly were joined by members of the Wests Tigers Lote Tuqiri, Robbie Farah and Benji Marshall at the announcement.

Mayor Angelo Tsirekas with former Planning Minister Tony Kelly and Wests Tigers Lote Tuqiri, Robbie Farah and Benji Marshall during the announcement of \$30,000 for the Concord Oval precinct upgrade

Brett Park consultation

In February, a public consultation was held on the future of Drummoyne's Brett Park carpark to determine the community view on whether the temporary carpark should be retained or returned to parkland.

A portion of Brett Park was given over to car parking during the construction of the Iron Cove Bridge duplication, after parking in the area was lost from the Cove Restaurant and the bridge.

The need for this consultation came about after many conflicting views about the requirements of residents in the Brett Park area. Independent consultancy, Straight Talk, was engaged to conduct a public workshop which gave residents the chance to put their views, with many alternatives also offered.

Issues such as a loss of green space if the carpark is retained, as well as noise, traffic and night lighting issues were also raised. A report will be presented to Council for consideration at the end of April.

Jack celebrates 30 years

The next time you see a ramp at a business, a cutaway at a kerbside or even a footpath being fixed, its likely you're able to put it down to the work of Jack Nolan.

Jack celebrates 30 years on City of Canada Bay's access committee, a group of community citizens who meet with Councillors and Council each month to discuss the needs of the disabled, frail aged and mum's with strollers.

In 1981, then Drummoyne Council mayor John Murray invited people to join the Disability Advisory Group as part of the International Year of Disabled Persons. Jack and his wife Wendy joined the group and were a potent pair. With Wendy's passing in 2004, Jack took on the mantle of secretary/treasurer.

Thirty years later, with at least a dozen certificates and an OAM for his work with disability services, Jack is still on what is now the Access Committee and intends on staying there as long as he can.

Congratulations Jack and thank you for all your hard work.

Positive parenting

Being a parent can be tough work, but an Australian designed parenting program will provide tips to help out.

The Triple P - Positive Parenting Program - will help parents understand the way their family works and to better use their current strategies to manage the family unit.

The free program starts Tuesday, 10 May and will run weekly to 21 June at Drummoyne Community Centre, Cometrowe Street, Drummoyne, from 7.30-9.30pm.

The program will help parents realise they aren't alone, and can provide the skills to create a stable, supportive and harmonious family, encourage positive behaviour, deal positively, consistently and decisively with problem behaviour and build positive relationships between parents and children so conflict can be resolved.

It will also provide the skills to plan ahead to avoid or manage potentially difficult situations and encourage parents to take care of themselves as parents.

To register for this program phone Ros on 9719 8102 or email dccinc@ozemail.com.au. Triple P is supported by City of Canada Bay.

Step out with art!

Stepping Out is a series of workshops using art and other creative mediums to help women to discover their creativity, build confidence and discover internal strength to manage life's challenges.

The program will be held at the Drummoyne Community Centre, Cometrowe Street, Drummoyne, each Tuesday from 3-24 May from 10.30am-1pm.

Workshops include art and play therapy, music, drama, storytelling and writing. The four-week program will conclude with a display of work at Five Dock Library to promote women's wellbeing and creativity.

The workshops are a project between the City of Canada Bay, The Infants' Home, Ashfield and Drummoyne Community Centre. If needed, child care and transport will be provided for women who attend.

For more information about Stepping Out please contact Nicole Bechard at The Infants Home on 9799 4844 or Drummoyne Community Centre on 9719 8102.

Netballers get new surface

Canada Bay netballers will start the season with a new surface on the Cintra Park netball courts.

Council staff finished laying the asphalt coverings on the all weather courts in March, in preparation for new line marking and a general clean up of the Cintra Park netball precinct.

The resealing program complements the netball facilities opened in April last year, including a new canteen, storage area, administration office and toilet facilities.

The renewal works at Cintra Park are part of Council's commitment to providing quality sporting facilities in the city area.

Other work currently underway include an upgrade of facilities in Nield Park, the development of a shared pedestrian/bicycle track along Five Dock Bay at Taplin Park and returfing of Campbell Park.

Blaxland Road boat ramp boost

River users will soon have better access to the City of Canada Bay's northern most waterways, after \$350,000 was allocated by the NSW Government to upgrade facilities at the Blaxland Road boat ramp in Rhodes.

The funding will be used to upgrade the car and trailer park area to give river users better access to the waterway.

Located in the shadow of the John Whitton Bridge, the upgraded boat ramp will complement other waterways work including upgraded access at Taplin Park.

The City of Canada Bay has the most foreshore area of any council in Sydney and was thrilled to be offered the funding to ensure residents and visitors to our region are provided the best facilities possible.

The funding was provided through Maritime NSW's Better Boating Program.

Median strips provide softer feel

Regular users of Majors Bay Road will have notice the area getting a bit of a facelift over the past few months.

Council has embarked on a program of planting in the median strips in the northern end of the road, which has added a welcoming village feel to the shopping environment.

A variety of low maintenance shrubs and plantings have softened the busy area.

Council is committed to ensuring our business precincts are attractive and practical for all users, so why not take the time to come along and see how Council is working for the whole community.

Council Director wins excellence in local government award

Congratulations to Lisa Miscamble, City of Canada Bay's Director Community Development, who was presented with the 2011 Minister's Awards for Women in Local Government in the metropolitan senior staff category.

The award was presented by the Minister for Local Government, Barbara Perry, and recognises her significant contribution to Council, staff and the community.

Her award citation acknowledged her work on FuturesPlan20, her leadership in the development of Concord Library and Wellbank Children's Services and her work on Livvi's Place.

Lisa was also commended for her mentorship of women in Council and her commitment to improving staff conditions with the implementation of family friendly work conditions.

Council's Director, Community Development, Lisa Miscamble was presented with her award by then Local Government Minister Barbara Perry.

Drummoyme Meals on Wheels Coordinator Darren MacGillicuddy (left) and volunteer Ken Hocking (right) welcomes OzHarvest driver Orlando Grand during the regular pick up of surplus meals

Meals on Wheels helps more than frail and aged

A unique partnership between Drummoyme Meals on Wheels and OzHarvest has benefited more than just the frail and aged in our community.

A few months ago, the two groups joined forces to minimise wastage which can occur when ordered meals can't be accepted because clients have been hospitalised or similar reasons. In the past, this food would have been thrown away but now it goes directly to OzHarvest.

Between 15 and 20 meals per fortnight are donated and go directly to people in crisis. Chilled meals need to be eaten within 48 hours and all donations are handled in accordance with State food handling legislation.

Drummoyme Meals on Wheels is supported by the Department of Ageing, Disability and Home Care and managed by City of Canada

Bay. The service provides meals to frail, aged and people with a disability as well as their carers in Drummoyme, Five Dock, Rodd Point, Russell Lea, Wareemba, Chiswick and Abbotsford.

Clients choose from a set menu which rotates over a four week period and have the option of chilled, hot or frozen meals. The service relies mainly on volunteers, with paid staff managing the administration of the service and a professional organisation preparing the meals.

For more information on OzHarvest visit www.ozharvest.org. Contact Drummoyme Meals on Wheels on 9745 6260 for information on food services.

Majors Bay Road electricity upgrade

Energy Australia has advised Council of some extensive work planned for Majors Bay Road in the next few weeks.

The work will take in the area from Correys Avenue to Gallipoli Street and will cause some disruption while the Energy Australia upgrade is underway.

At this stage, the planned works will take in the western side of Majors Bay Road from

Correys Avenue to Brewer Street, go under the north-bound road carriageway from Brewer Street to Gallipoli Street.

Council is liaising with Energy Australia and their contractors with work expected to start this month.

Heritage funding opens soon

On 2 May Council is launching the 2011 Local Heritage Assistance Fund and Local Heritage Awards programs.

This is the fourth consecutive year that Council has provided these as part of its ongoing commitment to heritage.

The Local Heritage Assistance Fund provides dollar for dollar financial assistance to private owners of heritage items and contributory buildings in heritage conservation areas for maintenance and repair works. This year Council will be giving priority to works to front verandahs, firstly to repairs to original fretwork, flooring and stairs, and secondly to tuckpointing and painting. Up to \$3,000 will be available to heritage items and \$2,000 to contributory buildings in heritage conservation areas, with a total of \$28,500 in funding to be distributed.

The Local Heritage Awards Program has been established to commend members of the community for their work in conserving and maintaining heritage properties and for projects that encourage an understanding of the heritage of the City of Canada Bay. There are four award categories: Best New Development Involving Heritage,

Best Maintained Heritage Property, Best Conserved Heritage Precinct and Special Heritage Work.

In addition, Council is also holding a Heritage Information Night, as part of the 'Your Home' program. The information session will be held on Tuesday 31 May and will focus on development, maintenance and minor works.

Further information can be found on Council's website on www.canadabay.nsw.gov.au or contact Council's Strategic Planning team on 9911 6403.

Verandahs are important in establishing the character of a house

Get your library online!

Most people value their library, but not all can get to their local branch. However, now members of Canada Bay Libraries can access library resources through a free 24/7 online resource.

With your Canada Bay Library membership number you can log into www.canadabay.nsw.gov.au, click on Your Local Library, select E-Resources from the left hand side column of the screen, click on your subject area and log in. It's that simple.

You will have access to two resources: online resources and e-reference.

Online resources cover a variety of subject areas including general reference encyclopaedias, science, health, environment, the local history of Canada Bay and tools to help you find your next good read. E-reference provides links to sites which can help you research a wide range of topics.

E-books and e-audio books are also available through the online services facility.

The online services facilities complement the branch services provided by Canada Bay library branches in Concord and Five Dock.

To plan for future services provided by the library, Library Services are developing a Strategic Plan. The Community Advisory group has been formed and is now planning community consultations which will be held in the future.

For more information on Library Services or the Strategic Plan, contact the library's client Services Coordinator on 9911 6311 or visit Council's website.

Smart moves for library

Smartphone users in the City of Canada Bay will soon have access to a number of on-line library services with funding for a new project announced recently.

Council's Library Services received a Library Development Grant through the State Library of NSW worth \$31,900 which will improve on-line services.

The most recent statistics showed residents of Canada Bay have a greater uptake of new technology than most of Sydney and the new Smartphone service would be enormous benefit.

Tech-savvy residents will enhance their experience with Council services through this project. Council is constantly looking at ways to enhance our communication with the community through technology, including its current online services.

The project will be rolled out over the next few months, and aims to integrate library web pages and Smartphone specific pages to ensure users get the best from their mobile on-line experience.

Top Tips to Save Power

- Switch off your appliances at the power point, don't leave them on stand-by
- Switch to energy efficient light globes
- Wash clothes in cold water
- Get rid of the old second fridge
- Fit thick and close fitting curtains
- Close off rooms and areas of your home you're not using
- Seal off draughts and gaps
- Turn your heating down a few degrees
- Make your fridge more efficient by making sure the seals are clean, the door closes properly and the temperature is adjusted
- Choose an energy efficient washing machine
- Hang your clothes on the line instead of using the dryer
- And remember to switch off lights not in use

Save home power

Council is keen to support and promote the Department of Environment, Climate Change and Water NSW, Home Power Savings Program to help vulnerable households save power and money.

Available to NSW residents with a Pensioner Concession, Low Income Health Care or Veterans' Affairs card or energy utility hardship customers, eligible households get a free home power assessment by an energy expert (about one

hour), a power savings kit and a personal power savings action plan.

For more information or to book a home assessment call 1300 662 416 or visit the Home Power Savings website at www.savepower.nsw.gov.au.

Illegal Dumping

Council's Illegal Dumping - What a Waste! program is a community awareness initiative targeting illegal dumping in the area.

Illegal dumping is the unlawful deposit of waste larger than litter onto land where no license or approval exists to accept such waste.

Information received from the community is invaluable, with problem areas identified. Council spends around \$135,000 every year cleaning up illegally dumped waste and to reduce this figure the community and Council must continue to work together.

Dumped waste can attract rodents, insects, further dumping and criminal activity.

It also can degrade the land, destroy local bush land, contaminate soil and water sources, or even catch on fire. It is also a lost resource, as many items can be recycled.

So if you see dumped waste, do bin a dumper by reporting it to Council on 9911 6555.

Mayor Angelo Tsirekas with Deputy Mayor Marian O'Connell and Luca and Jasper during last Sunday's Clean Up Day at Rodd Park

Clean Up congrats!

City of Canada Bay thanks all the volunteers and community groups for their contribution to the local environment during Clean Up Australia Day, Sunday, 6 March.

More than 390 volunteers cleaned up 21 sites across the City of Canada Bay, resulting in approximately 340 bags of litter being removed. The litter included thousands of cigarette butts, plastic bags and food wrapping. Many of these items can last for between 20-1000 years and end up in the waterways and oceans.

Mayor Angelo Tsirekas once again volunteered at Rodd Park and approximately 100 scouts and girl guides joined him to collect 150 bags of litter from six sites.

Other community groups to get involved included schools, housing development community groups and park groups.

Stop the plastic!

Council's Sustainable City Committee is undertaking a pilot project aimed at reducing the use of plastic bags in our community.

Each year tonnes of discarded plastic bags end up in our already limited landfill spaces. Most of these are from domestic waste or litter in our local streets, parks and waterways. With NSW State Government laws to ban the use of plastic bags, the committee wants to step up efforts within the City of Canada Bay to address the problem at a local level.

Canada Bay residents are encouraged to take their reusable bags when shopping and not taking a plastic bag when purchasing only one or two items. Our environment is valuable and this is one way our community can work together to protect it.

For more information on how to minimise plastic bag usage or updates on this pilot program visit Council's website.

Sign up! Sign up!

Don't miss signing up for Council's Sustainable Living e-zine which is being launched this month.

The choices we make everyday have implications on our environment. Council is working hard to make its own operations more sustainable and help residents and businesses to adopt sustainable practices.

There are many simple sustainable actions we can all take to make a difference and they can also save you money.

In the new on-line newsletter you will find information on upcoming workshops and seminars, sustainable program updates, tips to live more sustainably and stories from residents who are making a difference.

So sign up now at www.canadabay.nsw.gov.au/contact_us/newsletter_subscribe

Mayor congratulates local residents

City of Canada Bay's 2010 Christmas postcard competition attracted a record number of entries, with many recognised at a recent afternoon tea.

The competition is to raise awareness of recycling issues during the Christmas season, when non-recyclables are more likely to be mixed with recyclables.

Mayor Angelo Tsirekas presented 10 local residents with prizes for their participation, including first prize winner, George Hodge. George won a weekend accommodation package for four people at Jemby Rinjah Eco Lodge, Blackheath.

Congratulations to all participants.

Mayor Angelo Tsirekas, first prize winner George Hodge, and Ken Donely from Transpacific Cleanaway at the presentation morning tea

Staff and students of Lucas Gardens School with mayor Angelo Tsirekas, and Battle of the Smashers sponsors Christian Marchegiani, Patrick Gallagher and Maroun El-Khoury

Lucas Gardens pool one step closer

Lucas Gardens School was taken one step closer to building a hydrotherapy pool for its special needs students when City of Canada Bay Mayor, Angelo Tsirekas, presented a cheque for \$26,047 at a special school assembly in February.

The funds were raised through Council's charity cricket game Battle of the Smashers held in December.

Also at the presentation were major sponsors, the Commonwealth Bank, represented by Maroun El-Khoury and Naomi McDonald, Patrick Gallagher of PJ Gallagher's and Christian Marchegiani of THUMP Boxing.

During the assembly, Mayor Tsirekas, Mr El-Khoury and Mr Gallagher presented special awards to students for achievement in the classroom and joined in activities with the students and teachers.

Mayor Tsirekas told the students he was honoured to present the cheque and congratulated them on their lively entertainment at the assembly.

Canada Bay CHOICE winners

The City of Canada Bay's Scores on Doors program has beaten 10 other authorities from around the country to win the CHOICE Magazine Best Restaurant Hygiene Rating Scheme.

City of Canada Bay mayor, Angelo Tsirekas, and environmental health coordinator Josh Bradshaw, accept the award for Best Restaurant Hygiene Program from Nick Stace, CEO of CHOICE

This prestigious award recognises Council's commitment to food safety in the City and highlights the strong relationship Council has with its food outlets.

The Scores on Doors program was first launched in 2010 and while voluntary, has been embraced by restaurants, cafes and bakeries throughout the City of Canada Bay.

Congratulations to the environmental health team on this outstanding recognition of their hard work.

Rhodes hosts community film night

Rhodes Waterside Park was the venue for Cinema in the Park, when Communities for Communities hosted The Lion King.

Rhodes Waterside Park was the ideal location for Cinema in the park recently

Supported by the City of Canada Bay, Cinema in the Park took advantage of the magnificent waterfront at Rhodes and attracted a great range of audience members including families, the young and older people.

Entertainment by local band CastleComer and plenty of activities were complemented by a magnificent sunset as the audience prepared for the viewing of the film.

Author Talk

Come along to Concord Library on Friday, 6 May at 1pm to join Anita Heiss as she discusses her latest book, Paris Dreaming.

Author Anita Heiss

Libby is on a man-fast: no more romance, no more cheating men, no more heartbreak. But when Libby finds herself working in Paris, romance has suddenly become a lot more tempting.

Dr Anita Heiss is an award winning best-selling author who has published non-fiction, historical fiction, chick lit, poetry, social commentary and travel articles. She is a regular guest at writers' festivals and travels internationally. Bookings are essential. Tickets are \$7 and include refreshments.

For the diary

Friday, 17 June at 1pm Panel Discussion - Liane Moriarty, Dianne Blacklock and Ber Carroll - Booking is essential, \$7 includes refreshments. Check Council's Library Services web pages for more information.

Council Meetings

City of Canada Bay Council meetings are held on the first and third Tuesday of each month. Development matters are usually dealt with at the meeting on the first Tuesday of the month. Meetings start at 6pm and are held at the Canada Bay Civic Centre. Council meeting agendas are available to the public in our libraries or on our website the Saturday before a meeting, and are also available from the Canada Bay Civic Centre on the Monday before a meeting.

Contacting us

City of Canada Bay's Customer Service Team is your first point of contact for enquiries about our services. To speak to a member of the Team visit the Canada Bay Civic Centre, or phone or email us.

A customer service centre also operates from Concord Library on Monday to Friday from 9.30am to 4pm. All services are offered at the Library during these hours with the exception of the lodgement of development and building applications. These applications must be lodged with Customer Services at the Civic Centre in Drummoyne.

The Civic Centre offers photocopying and fax facilities available at a cost and free internet access. Hearing Loop and translation services are also available. Payments can be made at the Centre in cash, EFTPOS or with most major credit cards.
