# MESSAGE FROM THE MAYOR

I am proud to present to our community the Annual Report for the City of Canada Bay for the 2008/09 year.

The past 12 months have proven to be extremely busy, with a continued commitment to improving facilities and services throughout the local government area. Some of the year's highlights included:

- the opening of the new, state of the art, Cabarita Swimming Centre;
- Council continued to develop the new Concord Library building completing some of the finishing touches to the building and upgrading equipment inside;
- upgrades to Massey Park Golf Course;
- a Federal Government grant to redevelop the Drummoyne precinct and construct a new grandstand and upgrade the lighting at the oval;
- upgrades to infrastructure and irrigation in place at Cintra Park,
- resurfacing of Drummoyne Oval cricket pitch; and
- upgrades to the Bay Run.

We have been working hard over the year to ensure the long term sustainability of our assets, facilities and services, and thus completed and adopted our long term community strategy, FuturesPlan20. From this plan, the four year Delivery Plan and the one year Operational Plan were derived. These clearly define how Council will achieve the goals outlined by the community in FuturesPlan20.

We once again engaged with the local business community to assist and educate in all ways possible during the global financial crisis. In addition to the business breakfasts and seminars, of particular note, Canada Bay entered into partnership with four other councils, Ashfield, Burwood, Strathfield and Leichhardt, to stage the Inner West Business Expo. The Expo was

targeted at local business, to provide information on the best ways to deal with the financial downtown.

Over the past year we were able to deliver a series of outstanding events to the community, with record numbers in attendance at Ferragosto and Concord Carnival. Also added to the roster this year was Bay Day, a new festival held at Rhodes. Council has continued its partnership with Communities for Communities to deliver two events, Carols in the Park and Cinema in the Park to the community during the festive season.

The environment and our management of the parks, foreshores and open space within the City is also a key priority for us, with several projects carried out through the year contributing to their safeguarding well into the future. Along with Sydney Water and Leichhardt Council, Canada Bay has employed a Sustainable Business Project Officer, whose role will be to investigate and implement long term energy and water saving solutions in the community. Canada Bay has also been recognised and awarded several times throughout the year for our efforts to reduce our carbon footprint.

In conclusion, I would like to take this opportunity to thank my fellow Councillors, the General Manager and staff of the City of Canada Bay Council for their continuing hard work and commitment throughout 2008/09.

A handwritten signature in black ink, which appears to read "Angelo Strelakos".

# MESSAGE FROM THE GENERAL MANAGER

I have the great pleasure of presenting the 2008/09 Annual Report for the City of Canada Bay. The Report outlines Council's performance in relation to the 2008/09 Management Plan.

The Annual Report is divided into two sections:

- The main report documents the financial and strategic outcomes of the Council and its corporate wide achievements. Also detailed in the Report is how Council performed, when measured against the actions documented in the 2008/09 Management Plan. The outcome of every action detailed in the Management Plan is shown for all areas of Council, and has been broken down into the individual sections of Council, Executive Services, Corporate Services, Community Development, Planning and Environment and Technical Services and Operations.
- The Appendices comprise of:
  - Appendix A - a copy of the Payment of Expenses and the Provision of Facilities to Councillors Policy that was in effect for the 2008/09 year;
  - Appendix B - lists the details of sponsorships of Council Activities; and
  - Appendix C - Council's Audited Financial Reports.

Council's financial records have been assessed by our auditors Pricewaterhouse Coopers, and they have summarised our results with the following statement: "Council is considered to be in a sound and stable financial position. All indicators stand better than accepted industry benchmarks."

The maintenance of Council's long term financial sustainability is of paramount importance and as such Council has developed a long term financial strategy, which is being implemented to ensure Council's financial position long in to the future. All factors when taken into consideration, demonstrate continuous good financial management by Council.

Council has endeavoured to deliver the highest level of

service to the community in the area of children's services, and Canada Bay has teamed up with other inner west councils to provide an updated Children's Services Directory. The Wellbank Children's Centre has also expanded its service, and throughout the local government area, major upgrade works have been completed to several of the playground facilities.

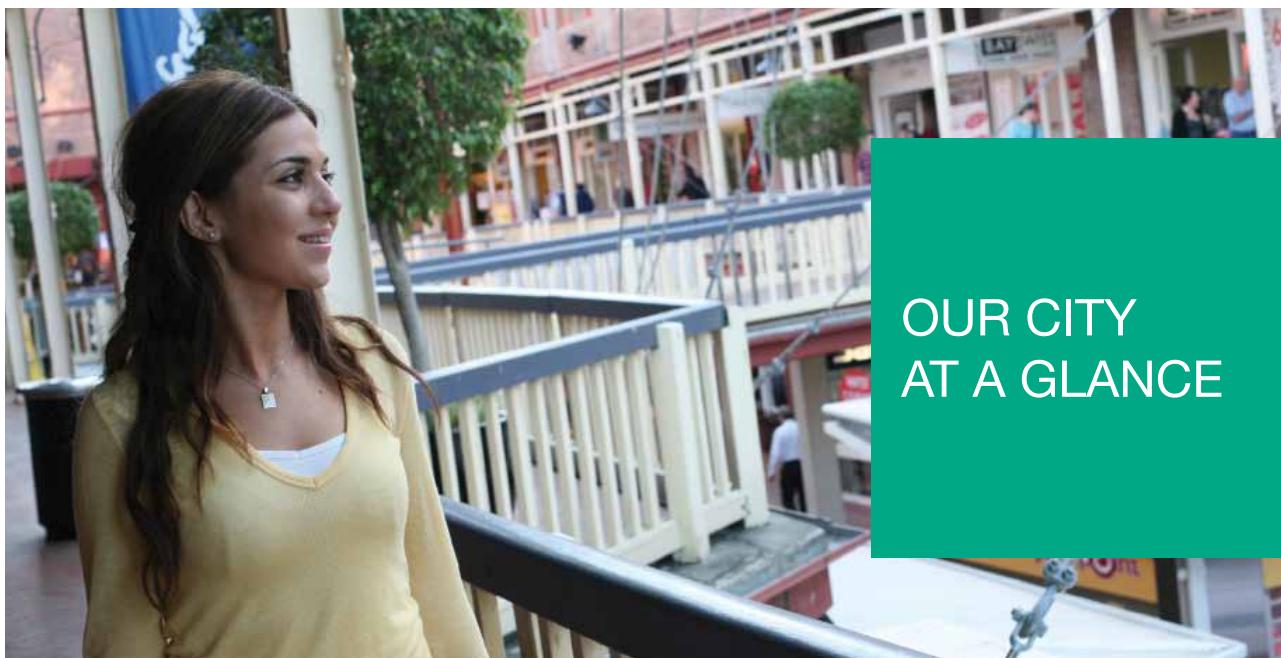

Council is committed to the principles of access and equity and aims to continuously improve the services provided to people with a disability, Indigenous Australians, culturally and linguistically diverse communities and older people. Among other things, Council's Access Committee meets regularly to discuss issues of importance, and implement positive changes and, as such, several projects have been conducted over the year to achieve this outcome.

Our organisation is determined to reduce its carbon footprint and preserve the environment, in particular our beautiful parklands and foreshore areas. Council's sustainability team meets regularly to provide a forum for staff members to develop "Green Ideas" and put forward other environmentally conscious improvements Council can implement. In addition to this, Canada Bay has joined forces with Leichhardt and Sydney Water to employ a full time staff member to investigate long term environmental sustainability, another step Council believes is essential in looking towards a greener future.

I would also like to take this opportunity to thank the Mayor, Deputy Mayor, Councillors and dedicated staff for the efforts, professionalism and commitment to achieving our goals.

A handwritten signature in black ink, appearing to read "G. Dwyer".

## OUR CITY AT A GLANCE

The City of Canada Bay is located in the inner-western suburbs of Sydney, about 6-12 kilometres from the Sydney GPO. The City of Canada Bay is bounded by the Parramatta River in the north and east, the Council areas of Ashfield, Burwood and Strathfield in the south and Auburn Council in the west. The City of Canada Bay includes the suburbs of Abbotsford, Breakfast Point, Cabarita, Canada Bay, Chiswick, Concord, Concord West, Drummoyne, Five Dock, Liberty Grove, Mortlake, North Strathfield, Rhodes, Rodd Point, Russell Lea, Strathfield (part) and Wareemba.

Canada Bay is named in remembrance of the 58 French Canadian prisoners deported in 1840, following the Lower Canada Rebellion.

The City of Canada Bay is a predominantly residential area, but also has significant commercial and industrial areas. The City encompasses a total land area of 20 square kilometres, including 140 parks and reserves, and many kilometres of accessible public foreshore.

### Our Vision

To create a City that is innovative, dynamic and sustainable through active partnership with the community and the environment.

### Our Mission

To maximise the advantages of inner city living through an attitude of pride and dedication by:

- Planning and delivering appropriate services and facilities
- Promoting and encouraging a diverse and consultative community
- Inviting an active partnership between Council and its community
- Providing sensible planning and economic initiatives
- Achieving desirable environmental standards

## The Area

- Canada Bay is the product of the amalgamation of Concord and Drummoyne Municipal Councils.
- Canada Bay covers an area of 1,982 hectares or 19.82km<sup>2</sup>.
- The City spans across 17 suburbs.
- Parks and Recreational areas make up 303.4 hectares (15.3%) of the total area.
- There are 29,848 rateable properties in Canada Bay.
- Canada Bay provides 2 state of the art library facilities to the community.
- The Council provides the area with 2 world class swimming facilities in Drummoyne and Cabarita.

## The People

- 65,747 people live in the City of Canada Bay Local Government Area (2006). Of that 31,634 (48.1%) were males and 34,113 (51.9%) were females.
- 221 residents of Canada Bay identify as Indigenous Australians (2006).

- 43,656 (66.4%) of Canada Bay's population are aged between 18 and 64.
- 20,681 (31.5%) of population were born overseas -Italy, United Kingdom, China, Republic of Korea and New Zealand.
- Overall, 61.7% of the population spoke English only, and 31.3% spoke a non English language. The dominant language other than English spoken in households was Italian with 10.1% of the population or 6,649 people.
- 14.9% of the population reported performing voluntary work.
- Of the 34,975 person labour force (aged over 15 years) in Canada Bay 96.7% were employed and 3.3% unemployed. 23,760 (67.9%) were employed full time and 9,315 (26.6%) employed part time.
- 66.6% of the households in Canada Bay are connected to the internet with 50.8% having a broadband high speed connection.

The City of Canada Bay Council has nine (9) elected Councillors. The area of Canada Bay Council is not divided into Wards and as such, all nine Councillors represent the area as a whole.

Councillor Angelo Tsirekas  
Mayor

Councillor Jeanette O'Hara  
Deputy Mayor

Councillor Mirjana Cestar

Councillor Tony Fasanella

Councillor Helen McCaffrey

Councillor Michael Megna

Councillor Neil Kenzler

Councillor Marian O'Connell

Councillor Pauline Tyrrell

Our vision is to create a City that is innovative, dynamic and sustainable through active partnership with the community and the environment.

Our mission is to maximise the advantages of inner city living through an attitude of pride and dedication by:

- Planning and delivering appropriate services and facilities;
- Promoting and encouraging a diverse and consultative community;
- Inviting an active partnership between Council and its community;
- Providing sensible planning and economic initiatives; and
- Achieving desirable environmental standards.

As a Council, we value:

- Our residents and volunteers;
- The economic health of our City;
- Our unique environment;
- Our foreshores;
- The quality of our recreation; and

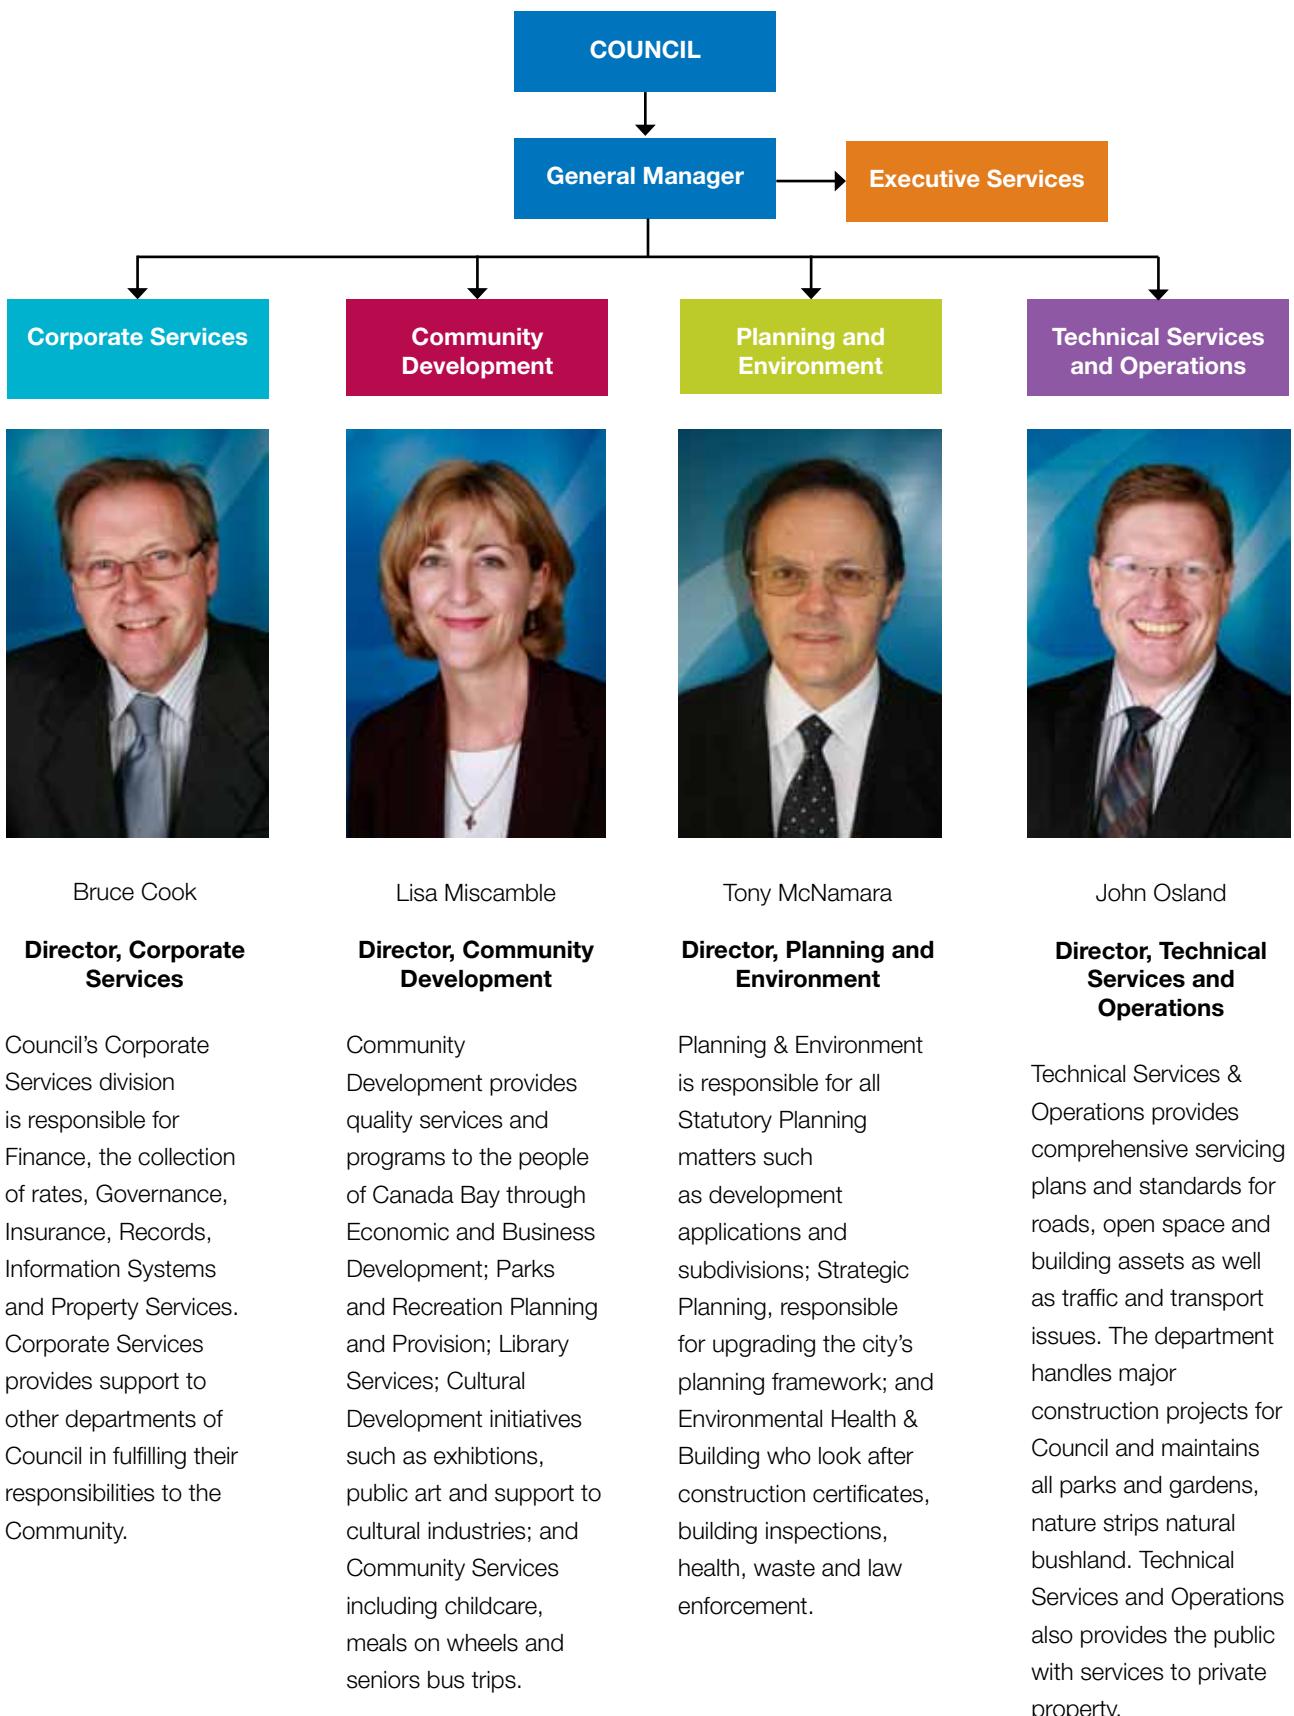

- The character of our culture

As an organisation, we value:

- Our communication and professional skills;
- The motivation of our staff;
- The standards we are achieving;
- Our spirit of goodwill;
- The pleasure of liaising with our community; and
- The teamwork that we apply.

Council's organisation is headed by General Manager, Gary Sawyer. The General Manager has responsibility for policy development and administrative operations that allow Council to function efficiently. The General Manager is directly responsible for Executive Services, Human Resources, Communications and Public Relations and Customer Services.

Other departments of Council are outlined on the next page.

## Remuneration packages for senior staff

City of Canada Bay Council employed five senior staff during 2008-09.

	<b>Salary</b>	<b>Bonus, performance other payments</b>	<b>Employers contribution to Superannuation</b>	<b>Total Non-cash Benefits</b>	<b>Total</b>
<b>General Manager</b>	\$211,594	\$4,000	\$13,129	\$9,000	\$237,723

Payments for delegations and visits were:

- \$8,034 (interstate visits)
- \$0 (overseas visits)
- \$0 (accompanying spouse expenses)
- \$8,034 (total)

## Category 1 business activities

(LGA Act s428 (2)(r) & Reg. CI217 (1)(d)(ii,iv,v,vi & vii))

Council is not involved in any Category 1 businesses which meet the determined criteria.

Council pricing for service provision competing with other businesses is based on full cost recovery having regard to all direct and indirect costs.

Any complaints received by Council regarding Competitive Neutrality are registered in Council's Customer Request Management System (CRMS) and sent to the appropriate Council Officer to address.

There have been no Competitive Neutrality complaints received by Council.

## Category 2 business activities

(LGA Act s428 (2)(r) & Reg. CI217 (1)(d)(iii))

Council is not involved in any Category 2 businesses which meet the determined criteria.

## Handling of competitive neutrality complaints

(LGA Act s428 (2)(r) & Reg. CI217 (1)(d)(vii-ix))

### Complaint handling procedure

Council has developed a Complaints Handling Policy which has been designed to include all Competitive Neutrality Complaints that Council may receive.

## Competitive neutrality

(LGA Act s428 (2)(r) & Reg. CI217 (1)(d)(v))

If an actual or potential competitor of a Council business lodges a complaint as it believes that it is being adversely affected through failure to adopt competitive neutrality – that is, Council is operating with an unfair competitive advantage, the details of the complaint are entered in the Customer Request Management System, and are sent to the appropriate officer.

The General Manager conducts a regular review of all resolved and unresolved Competitive Neutrality Complaints as required. The General Manager is also responsible for forwarding all allegations of corruption to the ICAC under S11 of the NSW Independent Commission Against Corruption Act 1988.

#### **Summary of complaints**

No complaints received.

## **External bodies exercising Council functions**

(LGA Act s428 (2)(o))

During 2008/09, there were several external bodies who exercised functions delegated by Council. The City of Canada Bay Access Committee, provided advice on building and development applications; The Canada Bay Traffic Committee assisted and advised on traffic and transport issues; the Canada Bay Community Recreation Association was responsible for the management of the Five Dock Leisure Centre, and the Five Dock Main Street committee, was also in operation throughout the 2008/09 Financial Year.

## **Companies in which Council has a controlling interest**

(LGA Act s428 (2)(p))

Council did not hold a controlling interest in any company during 2008/09.

## **Statement of partnerships, cooperatives or joint ventures involving Council**

(LGA Act s428 (2)(q))

Council is a member of Statewide Mutual and Statecover-Workers Compensation, self insurance groups for public liability/professional indemnity and workers compensation insurances.

Council is part of the Southern Sydney Regional Organisation of Councils (SSROC), an association of 16 major municipal and city councils in the southern area of Sydney. Together these councils represent more than 1.4 million residents. It provides a forum for these councils to discuss common issues and facilitates joint activities. It provides all councils with economic benefits and can greatly reduce the overall cost of major projects.

Council was approached in 07/08 by the Touched by Olivia Foundation, who in partnership with Council wished to develop an upgraded, all access, children's playground in Timbrell Park. The Touched by Olivia Foundation contributed \$140,000 towards the planning and construction of the playground, named Livvi's Place, and this project is now in its final stages of planning.

Council is in partnership with truelocal.com.au. As part of this partnership, truelocal.com.au provides a search facility on Council's GO Local website where users are directed to businesses and services within the local area. This exciting partnership will create benefits for both business and the community.

Public Health Forums offer a model of good health promotion partnerships. They have created effective partnership between practitioners, the health authority and the Council. The health practitioners reviewed Council's Public Health Plan before its adoption, and help promote events, inform clients and provide Council with much information.

Sydney Water, Leichhardt Council and Canada Bay Council entered into partnership to provide a Sustainable Business Project officer at both Councils for a two year period. The program aims to implement long term energy and water saving solutions to major businesses in the area, considered to be high demand users.

Council engaged in partnership with the Department of State and Regional Development to provide monthly business training events under the name of the Small Business Book Club. The Club provides a leading business author, invited to speak at a Council hosted event in the Library.

Council entered into a Memorandum of Understanding (MOU) with Communities for Communities to provide to the community, joint events in the Canada Bay Area. The events held were three Foundations for Communities breakfasts, Carols in the Park and Cinema in the Park.

Council went into partnership with four other Sydney, inner west Council's (Strathfield, Burwood, Leichhardt and Ashfield) as part of the Inner West Business Expo. The Expo was targeted at all businesses throughout the different local government areas, to provide them with information and advice on how the current economic crisis was likely to impact on business and the best ways to deal with it.

Council has in place with the same four inner west councils, 2 MOUs. The first aims to develop an annual program for youth activities in the area and expand on Youth Week. The second is to develop an Inner West Youth Theatre.

Council has an MOU in place to work in partnership with the Police Service for Operation Tabella. The operation provides the community with tamper proof screws for motor vehicle licence plates in an aim to reduce the number of thefts.

# Freedom of Information Act 1989

In accordance with Section 428 of the Local Government Act, Council must record all Freedom of Information (FOI) requests during the year.

## New FOI Applications for 08-09

How many FOI applications were received, discontinued or completed?	Total
New	23
Brought Forward	0
Total to be processes	23
Completed	18
Discontinued	2
<b>Total Processed</b>	<b>20</b>
Unfinished (Carried Forward)	3

## Discontinued Applications 08-09

Why were FOI applications discontinued?	Total
Request transferred to another agency (s.20)	0
Applicant withdrew request	2
Applicant failed to pay advance deposit	0
Applicant failed to amend a request that would have been an unreasonable diversion of resources to complete (s.25(1)(a1))	0
<b>Total Discontinued</b>	<b>2</b>

## Completed Applications 08-09

What happened to completed FOI applications?	Total
Granted or otherwise available in full	15
Granted or otherwise available in part	1
Refused	1
No documents held	1
<b>Total Completed</b>	<b>18</b>

## Human resource activities

(LGA Act s428 (2)(m))

The Human Resources Team has had another very busy year providing a complete range of Human Resource services and advice to the Council as a whole.

Human Resources policies and procedures are continually being reviewed, updated and implemented. Access to Human Resources Policies and Procedures is easily available to all staff in Council's electronic records system and the use of the intranet is continually growing.

This year "Work, Life, Community at City of Canada Bay" guidelines were developed which encourages more flexible working arrangements. It is Council's goal to enable employees to manage the demands of work and their other life activities while they achieve the objectives of Council for the community we serve. A Bullying Prevention policy was also implemented to ensure a safe and healthy workplace free from bullying and intimidation.

The Recognition of Service Awards and the Employee Excellence Awards continue to be a tremendous success and highlights the effort made by Council staff during the year.

The Induction Day Program for all new staff is a continuing success. Always evolving, this program allows new staff to meet with the Executive and gain an understanding of the structure and functions of Council. More detailed explanation is provided about important Council policies and procedures, and a tour of the City and significant Council facilities is also conducted. Held every 2 months this program greatly assists new staff in feeling part of the team and becoming productive members of the organisation.

## Training

Council continues to provide many training opportunities for staff to acquire additional skills and ensure thorough understanding of all legislative requirements so that they are met. Ongoing mandatory and regulatory training continues to be provided, particularly relating to Occupational Health and Safety. (This includes OHS Construction Induction, Traffic Control, First Aid, Dial before you Dig, and Chemical Use)

Annual training plans are developed for each staff member to ensure that position specific training needs are identified and undertaken. Corporate wide training that has been implemented this year includes:

## Beyond Blue

The Beyond Blue National Workplace Program was delivered to all staff. The outcomes of this program was to increase the knowledge and the confidence of our people to recognise and deal with depression and anxiety in the workplace.

## Engaging Organisation Customer Service

A training program developed for Canada Bay aimed to instill a true customer service culture within the Council when dealing with both internal and external customers. The course developed skills in understanding people and promoted understanding the psychology of customer service. Commenced last year we completed this training over the course of the year.

## Staff Education Assistance Policy

The number of staff making use of Council's Staff Education Assistance Policy continues to increase. This assists staff who are undertaking further tertiary study relevant to their positions, in their own time, to mutual benefit of the employee and Council.

## Equal Employment Opportunity (EEO)

(LGA Act s428 (2)(n))

EEO is a fundamental practice within the City of Canada Bay Council. Evidence of this is through Council's EEO Management Plan which demonstrates a strong commitment to Equal Employment through the adoption, implementation and regular review of EEO principles and strategies. Council's EEO Management Plan was updated this year and endorsed for the 2008 -2011 period.

The plan outlines specific strategies to ensure that the principles of EEO are normal considerations in day to day operations.

During the year, the following activities were undertaken to implement the plan:

- Establishment of a number of new part time positions.
- The regular conduct of exit interviews.
- All recruitment activities undertaken on the basis of merit selection, as per policy.
- Induction program for new staff includes information on the EEO Management Plan and related policies and procedures.
- Development of Work, Life, Community at City of Canada Bay Council guidelines
- Implementation of Bullying Prevention Policy

# Legal proceedings - Land and Environment Court Appeals

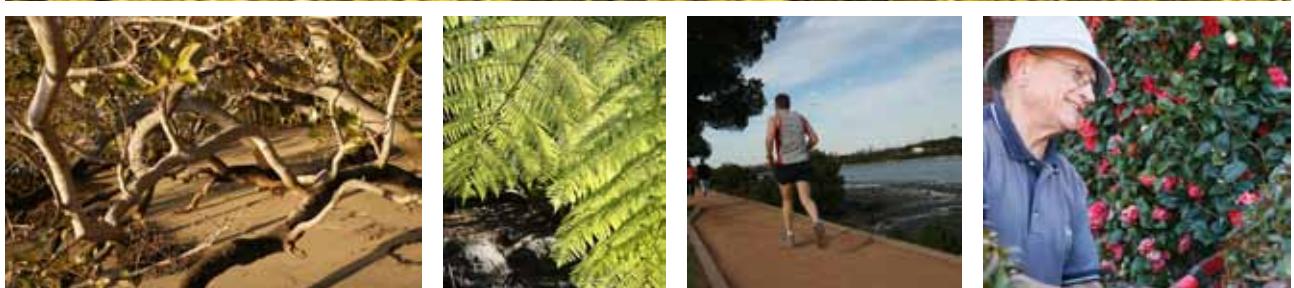

(Legal Proceedings under the EPAA 1979 for 2007/08)

Proceedings	Class	Status	Costs Incurred	Costs Awarded
CCBC ats Sapiro	Class 4 proceedings in respect of an unauthorised filling of land	Building Certificate lodged 30.7.08 and approved 19.8.08 after site inspection demonstrated that rear retaining wall had been removed.  No further action required.	\$2116	Nil at 30/6/09
Hakim & Hakim v CCBC (11203/05)	Class 1 Appeal against refusal to grant development consent for a proposed swimming pool and retaining walls. (Council was not able to grant consent as NSW Maritime declined to issue a Part 3A Permit)	Recovery procedures commenced in the Supreme Court. Awaiting Outcome	\$41, 901	Nil at 30/6/09
Dodaro v CCBC (11303/07)	Class 1 Appeal against deemed refusal of development application for proposed attached dual occupancies on two lots	Appeal upheld by the Land and Environment Court on 15.10.08.	\$29,551	Nil at 30/6/09
Drivas v CCBC (10160/08)	Class 1 Appeal against deemed refusal of development application for demolition of existing dwelling and construction of a new two storey dwelling	Mediation unsuccessful. Matter set down for full hearing on 1 July 2008.  Appeal upheld by the Land and Environment Court on 10.11.08	\$20,647.20	Nil at 30/6/09
Cape Bouvard Developments Pty Ltd v CCBC (11127/08)	Class 1 Appeal against deemed refusal of development application for construction of a residential flat building and commercial marina	Call-over set down for 10/12/08  Proceedings discontinued on 5.1.2009 by the applicant following approval of the DA by Committee of the Whole at its meeting of 2/12/2008.	\$1512:50	Nil at 30/6/09
Meriton Apartments Pty Ltd	Class 1 Appeal against deemed refusal of Application to Modify Development Consent for Multi-Unit Housing Development	Listed for a Preliminary Section 34 Conference on 14 May 2009.  Listed for a Second Directions Hearing on 21 May 2009.	Estimated costs \$25,000	Nil at 30/6/09

## Section 93F Planning Agreements

Council entered into the following Planning Agreements in 2008/2009. Below are the particulars of compliance with, and the effect of, planning agreements in force during the year.

<b>Land Subject of agreement</b>	<b>Development to which the agreement applies</b>	<b>Provisions made by the developer for community benefit.</b>	<b>Agreement compliance mechanisms</b>
3-7 Park Avenue, Drummoyne	DA 624/06	Strata title office suite of not less than 120m <sup>2</sup> at ground floor level and 3 basement parking spaces for public purposes.	As per Clause 3.1 in Planning Agreement
13 Hilly Street, Mortlake	DA 534/07	1 strata title unit and single garage for affordable housing.	As per Clause 3.2 in Planning Agreement

## State of the Environment Report

(LGA Act s428 (2)(c) & Reg. cl 218-226)

Council is responding to the increasing demands that the rapidly increasing City population places on our natural environment. Council is addressing these additional demands by developing new environmental programs as part of the Sustainable City Levy.

The State of Environment Report (SoE) is a mechanism to report on the broad range of environmental issues and to communicate this information to the community. This is done by providing information on the state or condition of the local environment, the pressures or human impact upon it and society's responses to those pressures. The report is broken up into eight sections: Heritage, Land, Water, Air, Noise, Biodiversity, Waste and Sustainability.

The process of SoE reporting allows Council to demonstrate how it has addressed these matters and regulatory control. The SoE process also allows Council to prioritise future planning and identify issues that need to be resourced.

Under Local Government Regulations, Council is required to produce a comprehensive SoE Report each year after a full Council election. During intervening years a supplementary SoE Report is required. These supplementary reports contain details of new impacts that have been identified during the previous annual reporting period, as well as the results of any ongoing environmental improvement programs.

This years report details such activities and initiatives as Council's newly developed internal Sustainability Team which includes representatives from all areas of Council who drive environmental improvements within Council, the continuing impact of waste management, environmental citizen awards and green business program advancements and the continuing work of the Sustainable City Committee. The report will also outline improvements to Council's internal systems which aim to continually improve environmental sustainability through our capital works programs.

A copy of the Report is available upon application or will be available on Council's Website. [www.canadabay.nsw.gov.au](http://www.canadabay.nsw.gov.au)

# Companion Animals Act and Regulation Activities

(LGA Act s428 (2)(r) & Reg. Cl217 (1)(f))

All pound data returns were lodged with the Department in accordance with the Guidelines on the Exercise of Function under the Companion Animals Act.

Cost of companion animal management and activities:

- pound fees for the year were \$3173
- microchip scanner \$397.27.
- Companion Animal Education Programs - There were no specific Companion Animal Programs held during the year. However, brochures were produced and distributed at Council's Customer Service Centre, Libraries and at major events such as Ferragosto and Concord Street Fairs.
- Promotion of animal de-sexing of dogs and cats
  - Brochures were produced and distributed at Council's Customer Service Centre, Libraries and at major events such as Ferragosto and Concord Street Fairs.
- Strategies to seek alternatives to euthanasia for unclaimed animals - Council actively investigated owners of animals by following up on microchip data. This strategy proved successful.

Council provides off leash areas for dogs at the following locations:

- Battersea Park (the Concord end of the park)
- Charles Heath Reserve
- Cintra Park
- Drummoyne Park (above Drummoyne Oval)
- Five Dock Park (between Bowling Club and Ingham Avenue)
- Lysaght Park (on Five Dock Bay)
- Majors Bay Reserve
- Powell's Creek Reserve
- St Georges Crescent Reserve (opposite the Sailing Club)
- Timbrell Park (the western end, beyond the children's play area)
- Storey Park

- Brett Park (the flat area)
- Halliday Park (on Hen & Chicken Bay)
- Queen Victoria Reserve
- Taplin Park (western end near Thompson St)

Council did not receive any Companion Animals Funds monies during the year.

## Sustainable City Program

In 2005/06 Council introduced a Sustainability Levy to implement a series of projects to enhance the well being of the City under the Sustainable City Program which includes Economic Development, Cultural Development and Social Cohesion.

Below is a report on the outcomes of the Sustainable City Program for 2008/09.

### Economic Development

- Published two editions of the Bayside Business News to educate and inform 2000 local businesses.
- Launched a monthly business e - newsletter to better communicate with local business.

### Skill Development

- 29 Business events hosted. Each event featured business education and networking. Over 800 participants attended these events. Satisfaction rating of above average on each event was achieved. Highlights include: Inner West Small Business Expo: Surviving the Crisis, in response to the global financial crisis, providing practical support and sign posting for local business. Launched a new program in partnership with the Department of State and Regional Development and libraries to host the monthly small business book clubs, featuring best selling business authors and engaging small business to improve their skills. Hosted a Green Business breakfast to support local business and encourage more sustainable practices. Attracted over 80 participants.
- Hosted Sustainability Awards recognising businesses, individuals and community organisations whom excel in economic, environment and social sustainability. Achieved an increase of 28% over previous awards program.
- Launched a business advisory service in Five Dock Library in partnership with local Business Enterprise Centre.

- Gained grant funding to appoint a Sustainable Business Project Officer for two years to work with local businesses to reduce their water and energy consumption. Sydney water provided the grant funding and Leichhardt Council is equal partner in the project.
- Signed and Memorandum of Understanding (MOU) with the Department of Conservation and Climate Change to promote a small business program to fund energy efficiency measures in small business.

#### Key Industry Support

- Health and Wellbeing
  - Four Health and Wellbeing Cluster meetings and network opportunities hosted. Over 70 practitioners involved in the events. Cluster marketing promotion hosted at Concord Carnival.
- Building and Renovation
  - Renovator Destination Cluster network opportunity developed for the building and renovations industry. 20 businesses participated and formed a cluster for promotion and business development across the city. Four education events hosted partnering business to support the community. Trade show stand at the Sydney Home Show; website hosted; newsletter produced; four cluster media advertising; hosted five direct mail campaigns throughout the year.
- Meeting Incentive, Conference and Events
  - Launched Meeting Incentive, Conferences and Events Cluster with 40 businesses participating at a stand at Australian Events Expo and Christmas Campaign.
- Creative Industries
  - CanCreate cluster created featuring training and online networking opportunities. Support to exhibit and sell works through gallery system in Council libraries.
- Food Industries
  - Support for the food newsletter, cluster marketing promotion Eat Out Week and training events. Over 15 food businesses participated and significant media coverage for local precincts was generated.
- Home Based Business

- Hosted ten Home based business training programs reaching over 250 Home based business practitioners over the year.

#### Precinct Development

- Developed and displayed four sets of street banners
- Installed cycle parking facilities in 24 precinct locations providing a cycle parking facility in every shopping precinct in the City of Canada Bay.
- Wareemba Village improvements newsletter and working groups developed to communicate streetscape upgrade. Wareemba Celebrates Street event hosted, which featured a range of performers, stalls and cultural activities to support business and attract the local community to the area. Hosted a photographic exhibition featuring local photographers to highlight improved shopping precinct.
- Hosted three meetings of the Five Dock Main Street Committee
- Christmas entertainment and event program hosted in 7 shopping precincts across the City

#### Market Development

- Hosted seven local shopping promotions Mothers Day. Promotions supported local business and encouraged local residents to shop locally. Over 2000 local residents participated in these short low cost campaigns.
- Distributed 837 shopping trolleys reducing Vehicle Kilometre Trips (VKT) by an estimated 6630 kilometres based on an average saving of kilometres between home and centre at a rate of three times each week.
- Hosted tourism promotion Eat Out Week 2008.
- Produced and distributed 3 Audio walking tours of the local area.
- Hosted an attraction campaign for the corporate event market hosting trade stalls in partnership with local event industry at the Australian Business Event EXPO and campaign to attract corporate Christmas parties to the area.

#### Social Cohesion

- Adopted the Graffiti Vandalism Management Strategy providing additional rapid removal

- resources and developing community engagement projects in business precincts commencing with the Five Dock Laneway Project.
- Completed a series of community safety audits in identified hotspots for the offence, steal from motor vehicles, and continued to work with the police service to improve lighting and visibility and patrols in the area. Achieved a grant of \$50,000 from the NSW Attorney Generals Department to support works.
  - Completed a review of Council's Community Bus and Seniors Bus trip programs.
  - Commenced a study into the implementation of the Child Friendly Cities Program in Canada Bay.
  - Commenced development of the City of Canada Bay Positive Ageing Strategy.
  - Commenced development of the City of Canada Bay Community Harmony Strategy.
  - Updated the online community profile, purchased more maps and tables and conducted an organisation wide staff training program.

## Cultural Development

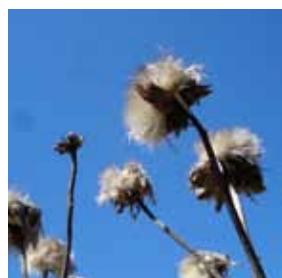

- Identified arts and cultural grant opportunities and applied for relevant grants including ArtsNSW and Australia Council of the Arts.
- Submitted and supported applications for cultural awards for 'La Famiglia' and 'What Would Your Mother Say!'
- Supported community volunteers and heritage groups to open the City of Canada Bay Museum including building refurbishment, exhibition installation, strategic planning, marketing and events.
- Maintained and reviewed Artist Registry.

## Sustainable City Levy

<b>Sustainability Levy</b>	<b>Beginning Balance 30/6/07</b>	<b>Income</b>	<b>Expenditure</b>	<b>Balance 30/06/08</b>
Economic Development	\$46,640.68	\$413,815.91	\$411,835.17	\$48,621.42
Cultural Development	\$209,792.31	\$203,516.11	\$141,678.22	\$271,630.20
Social Cohesion	\$55,350.70	\$61,054.93	\$-1,486.45	\$117,892.08
<b>Total</b>	<b>\$311,783.69</b>	<b>\$678,386.95</b>	<b>\$552,026.94</b>	<b>\$438,143.70</b>

## SERVICING OUR COMMUNITY

## Activities to develop and promote services and programs that provide for the needs of children

(LGA Act s428(2)(r) & Reg. Cl217 (1)(c))

Council recognises the importance in ensuring the needs of children are addressed. In doing so, Council provided four pronged approach.

Promoted children's services in the area:

- Worked in partnership with 5 Inner West Councils to update the Children's Services Directory
- Worked with NSW Families First to provide parenting resources at Concord Carnival
- Worked in partnership with Drummoyne Community Centre to fund and deliver parenting programs for parents of children aged 0-12 and 13-19 years
- Promoted Council's childcare services; the Canada Bay Family Day Care Scheme and Wellbank Children's Centre

Supported local children's services and local families:

- Provided financial assistance to children's services through Council's Community Grants Program
- Provided accommodation for four preschools, three long day services and two occasional child care centres
- Provided accommodation for three early childhood health clinics operated by Sydney South West Area Health Service
- Convened Children's Network meetings to assist local children's services in keeping up with the latest industry information and to encourage greater inter-service cooperation
- Provided activities during NSW Children's Week

Provided direct child care services:

- Operated the City of Canada Bay Family Day Care Service: providing childcare to up to 125 children during 08/09.
- Operated Wellbank Children's Centre: 51 place long day care centre
- Provided playground facilities in many of the parks

- Held four school holiday programs for children
- Playground improvements:
- Conducted community consultations on the design to replace playgrounds in Central Park, Roberts Reserve and Dunlop Reserve
  - Consulted with the community on the design for a regional playground at McIlwaine Park, in Rhodes
  - Continued to work in partnership across Council to progress the design of all access, all abilities, intergenerational playground at Timbrell Park.

## Access and equity activities to meet residents' needs

(LGA Act s428 (2)(r) & Reg. Cl217 (1)(d)(i))

The City of Canada Bay Council is committed to the principles of access and equity. It is continually working towards improving access to its services, facilities and decision making processes on an equitable basis to all whom, live, work and visit the City.

Below is a summary of Council's actions to addressing Access and Equity issues during 2008/9. Please also note that specific Equity Access and Equity strategies are identified in the tables of principal activities in this report.

### People with a Disability

- Improved access to the Development Application process and tracking through Council's Website
- All development applications relating to community facilities are referred to Council's Access Committee for input to ensure facilities meet the needs of the aged and people with disabilities.
- Council administered bi-monthly meetings of the City of Canada Bay Access Committee and hosted two Access Forums in partnership with the Committee. The Forums focussed on accessible transport and making your business accessible.
- Council reviewed the terms of reference of the Access Committee to improve their input into Council's decision making processes.
- Council implemented activities for International Day for People with a Disability, including a partnership community and cultural development project with Lucas Gardens School for Children with Special Needs

- Worked with Parks and Recreation Planner and Landscape Architect to progress the development of a fully accessible playground at Timbrell Park, employing universal design principles.

### Aboriginal Persons

- Implemented activities to celebrate NAIDOC Week, including an art exhibition featuring local Indigenous artists.
- Commenced the establishment of a local Aboriginal consultative group.
- Commenced the implementation of the City of Canada Bay Aboriginal Heritage Study

### People from Culturally and Linguistically Diverse Backgrounds

- Provided activities to celebrate International Harmony Day
- Hosted an art exhibition to recognise refugee's stories during International Refugee Week attended by a Community Relations Commissioner.
- Consulted with the community to prepare the Draft Community Harmony Strategy.
- Worked in partnership with the NSW Police Service and the Sydney Korean Association to present the Korean Safety Expo, to help build the relationship between Council, the Police and the local Korean Community.
- Hosted lantern and mask making workshops to celebrate the Chinese Moon Festival

### Older People

- Regular attendance at the regional HACC Forum
- Provided meals to people with mobility limitations through the Meals on Wheels Service. Service was also promoted to CALD community
- Operated the Concord Senior Citizen's Centre and convened the Concord Senior Citizens Centre Steering Committee
- Managed two seniors bus trips programs, one for isolated seniors and their carers and one for active adults.
- Conducted a review of Council's community bus provision to local community based-organisations for service improvement.
- Continued funding of the Bay Rider Shuttle Service which provides point to point transport for people with mobility limitations in partnership with the

Drummoyne Community Centre.

- Funded and promoted Multi-cultural Men's Health Group
- Implemented a calendar of events across the City for NSW Senior's Week.

#### Women

- Delivered activities to celebrate International Women's Day: hosted a women's breakfast to recognise achievements of women
- Delivered "What Would Your Mother Say" program: an intergenerational research project whereby young women explored fashion and women's roles in society through interviews and interaction with older women.
- Funded women's programs through the Drummoyne Community Centre.

#### Young People

- Funded and codelivered performances of the Ashfield Youth Theatre in partnership with 5 Inner West Councils, and co-established the Inner West Youth Theatre. Assisted with representations and funding applications to ArtsNSW to support the regional theatre.
- Continued to support the Youth Reference Group and consult with young people on the re-invigoration of the Group.
- Actively participated in the Inner West Youth Interagency
- Developed in partnership with five Inner West Councils a calendar of regional events during Youth Week, including the Emerge skate festival, theatre performances of "Chatroom" featuring issues on cyber bullying and Rhinocerus and the multi media production "The King is Dead".
- Obtained funding under the Artstart program to support a program of mobile film workshops, production and presentation.
- Consulted with the community on public art at the skatepark in Fivedock.
- Implemented the "What Would Your Mother Say" program: an intergenerational research project whereby young women explored fashion and women's roles in society through interviews and interaction with older women.
- Delivered a range of youth focused programs through library services.

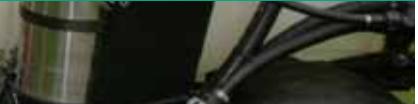

## Other activities not included in the 08/09 Management Plan

#### Crime Prevention

- Adopted the City of Canada Bay Crime Prevention Plan.
- Obtained Ministerial endorsement of the Plan as a Safer Community Compact.
- Attended the NSW Police Service Community Safety Precinct Committee meetings.
- Partnered the NSW Police Service in Operation Tabella: a program to provide non-removable screws for vehicle registration plates.
- Conducted a range of community safety audits in hot spots for the crime of stealing from motor vehicles
- Obtained funding from the NSW Attorney General's Department to support strategies contained in the City of Canada Bay Crime Prevention Plan.

#### Graffiti Vandalism Management Strategy

- Adopted the Graffiti Vandalism Management Strategy for the City.
- Provided additional resources under the Strategy to Council's Graffiti Rapid Removal Services
- Submitted funding applications under the ArtsNSW and Australia Council for the Arts to support youth performance workshops in Rhodes and Five Dock to provide a means of expression in a positive format and to build relationships between local business and the local community

## Report on condition of public works

Council is responsible for maintaining all of its public assets including public buildings and structures, roads and drainage infrastructure. The combined value of these assets, owed and maintained by Council, as at 30 June, 2009 was in excess of \$250 million.

In assessing the standard of Council's public assets, the condition, function and location of each asset has been taken into consideration. The asset has been assessed based on its current state, and no potential or proposed works have been factors in the determination of its condition.

Assets within each Asset Category have been assessed on an overall basis, recognising that an average standard of "satisfactory" may be achieved even though certain assets may be above or below that standard on an individual basis. Council recognises that the standard that it considers to be "satisfactory" may be different from that adopted by other councils.

The information contained in Council's report on the condition of public works comprises accounting estimates formulated in accordance with the NSW Local Government Code of Accounting Practice and Financial Reporting. The full report can be viewed in Special Schedule 7 in Council's Audited Financial Reports, contained in Appendix C.

# Stormwater Services Management Charge

Council has established a Stormwater Management Services Charge for the construction of infrastructure to minimise flooding during peak rainfall periods. The revenue generated enables Council to carry out essential improvements to stormwater across the City.

<b>The actual stormwater management services made available by the council during the year (measured in accordance with the criteria set out in the relevant management plan).</b>	<b>The projected stormwater management services that were proposed to be made available (outlined in the management plan relating to the year concerned).</b>	<b>A statement of the reasons for any difference between them or comments.</b>
Two Gross Pollutant Traps constructed in Brays Bay ( Lovedale Place) in accordance with Capital Works Programme.	Staged implementation of Homebush Bay Stormwater Management Plan and Lower Parramatta River Stormwater Management Plan (SMP)	Protection of a sensitive environmental area
Asset Management Plan developed at core level; includes an improvement plan.	Continue to develop the asset register and condition assessments of Council's drainage assets by validating data.	
<ul style="list-style-type: none"><li>• Powells Creek Stormwater Harvesting Project Completed</li><li>• Concord Oval Stormwater Harvesting project Completed</li><li>• Cintra Hockey reuse project completed</li></ul>	Commenced Implementation of water components of the Water Savings Action Plan.	Triple bottom line projects that address quantity, quality and sustainability.
The following capital drainage works were completed: <ul style="list-style-type: none"><li>• Loch Maree Parade, Killoola Street</li><li>• Emily Street, Wymston Parade</li><li>• Blaxland Road, Cometrowe Street</li><li>• Crane Street, Regatta Road</li><li>• Quandong Street</li><li>• Queen Victoria St</li><li>• Drummoyne Oval</li></ul>	Identified substandard drainage and required upgrades to drainage facilities to improve stormwater flow and minimise flooding Upgraded drainage facilities to improve stormwater flow and minimise flooding. Constructed and maintained stormwater infrastructure items funded by Stormwater Management Services Charge SMSC and upgraded known problem areas.	On-going program of drainage upgrades.

Due to the lag in starting programs in the first year of the Stormwater Management Services Charge, there was a significant carry over of funds into this reporting period and the expenditure in this period was in excess of the funds generated during the year by the charge. Subsequent years will have a more stable expenditure which will be closer to income. Some capital items were also co-funded from other sources.

## Bushfire hazard reduction activities

(LGA Act s428 (2)(i1))

As the City of Canada Bay is in the Inner Western Sydney it is not classified as a bush fire district.

Manual fuel reduction and hazard reduction through bush regeneration (weed control) activities has occurred in the following bushland areas:

- Queen Elizabeth Park II, Concord.
- Dame Edith Walker, Concord.
- Sisters Bay, Drummoyne.
- Fig Tree Reserve, Chiswick.
- Lovedale Place, Concord West.

Council encourages its residents to minimise fire hazards by clearing gutters, removing unwanted wood and debris from around their homes.

## COUNCIL'S PRINCIPAL ACTIVITIES

A report on Council's performance for the year 2008/2009 using the performance measures as outlined in the City of Canada Bay Management Plan is detailed in Section 5 and is broken down as follows:

### Executive Services

- Communications & Public Relations
- Customer Service
- Human Resources

# Planning and Environment

## Statutory Planning Services

CORPORATE OBJECTIVE	OUTCOMES	ACTIONS FOR 2008/09	PERFORMANCE MEASURES	2008/2009 ANNUAL REPORT DELIVERY SUMMARY
Ensure the best possible management of Council resources in a context of its statutory obligations (OBJ.5)	All standard Council formats, standard conditions and assessment procedures comply with statutory obligations and are beyond legal challenge	Development Application Templates are reviewed with a view to simplification whilst ensuring assessments and determinations arising from those templates remain legally robust if challenged	The quality of assessments and determinations remain high and determinations are legally valid.	Standard Conditions of Development Consent required review due to legislative changes and project initiated to incorporate new standard conditions into revised standard report formats for individual land use types. Standard Conditions now completed and standard report formats are 50% completed.
		Statutory Planning procedures be reviewed and refined in order to achieve improved processing times.	That processing times be reduced by 10% in 2008/09 period.	Abovementioned improvements to standard conditions and report formats will assist assessment planning staff in producing reports in a more timely and efficient manner. Improvements have also been made to lodgement and checking procedures for DA's to ensure a greater level of completeness of information upon lodgement to reduce delays resulting from the need to seek further information from applicants.
	Development applications are processed within reasonable time frames and consistent with community and legal expectations	Statutory Planning procedures be reviewed in response to any new legislation enacted as a result of the Planning Reform Discussion Paper released in November 2007.	That processes and procedures are consistent with any legislative obligations arising out of the Planning Reform proposals by the Department of Planning	Reforms to the NSW Planning System are extensive and ongoing. The reforms have resulted in changes to assessment procedures, standard conditions and standard report formats and these processes will need to be further refined as the reforms continue to occur and be enacted by the State Government.
(Cont.) Ensure the best possible management of Council resources in a context of its statutory obligations (OBJ.5)	Development applications are processed within reasonable time frames and consistent with community and legal expectations	Review service level agreements in consultation with City Assets, Environmental Services, Community Services and Strategic Planning Services	Quarterly review of Service Level Agreements commenced Delays in development application process due to requests for additional information are reduced by 30% Delays in development application process due to lengthy referral requirements are minimised with 80% of referrals returned within 21 days	Referral of DA's to engineering, landscaping, traffic, environmental health, building surveying and other staff have all been reviewed and improvements have been achieved. Process is ongoing as further improvements are required and the process needs to be regularly reviewed to ensure that improvements continue to occur.

CORPORATE OBJECTIVE	OUTCOMES	ACTIONS FOR 2008/09	PERFORMANCE MEASURES	2008/2009 ANNUAL REPORT DELIVERY SUMMARY

## Waste Management

CORPORATE OBJECTIVE		OUTCOMES	ACTIONS FOR 2008/09	PERFORMANCE MEASURES	2008/2009 ANNUAL REPORT DELIVERY SUMMARY
Promote the benefits of living in the City (OBJ.2)	Environmental management is part of reporting. City has improving ratio of recycled material	Promote recycling in council's publications and at festivals. (See also Environmental Enhancement)	50% of waste is either recycled or garden/organic Three recycling promotions held	Events & Articles - Ferragosto, Concord St Fair, Compost Awareness Week, National Recycling Week, World Environment Day, Household Chemical Clean Out, Community Sharps, Clean Up Australia Day, Fridge Buy Back Articles - Waste Hotline, MUD Guide, kNOW waste Art Competition	Events & Articles - Ferragosto, Concord St Fair, Compost Awareness Week, National Recycling Week, World Environment Day, Household Chemical Clean Out, Community Sharps, Clean Up Australia Day, Fridge Buy Back Articles - Waste Hotline, MUD Guide, kNOW waste Art Competition
		Provide extensive education material to the community on the operation of the waste collection service. In particular NESB community members	The waste collection system attains a compliance level of 95%	Community workshop held at Scalabrin Village. It was arranged through Italy Online an organisation who promotes Italian business's and services. 17 staff attended.	Weekly, Monthly and Yearly reports submitted by the Waste Collection Contractor.
				Multi Lingual brochure disseminated at all local festivals and libraries.	Last audit held Nov 07 - Regional recycling audit due Feb 09 deferred
		To monitor the Regional Recycling Contract with materials being taken to Visy Recycling at Smithfield Reduction of material to landfill and an increase in the rate of recycling in the City	Levels of contamination being below 5% Reduced tonnages of waste disposed of at landfills 50% of total waste reduced Increased tonnages of recycling collected	In an economic downturn papers, magazines and glass drink bottles are the first items people cut back on which are also the heaviest items in the recycling bin	MUD guide for Bodies Corporate and Strata Managers developed and disseminated. To date 26% of Mud's have requested resources.
		Develop educational programs targeting recycling in multi occupancy dwellings to reduce contamination of materials Work in conjunction with the other Inner City Councils & Visy Recycling in developing a Recycling Education Program	Contamination level of less than 5% is shown by waste auditing procedures Attendance at the majority of meeting with the Inner Sydney Waste Managers Groups and SSROCC Waste Group	Attendance and participation in SSROCC projects.	Attendance and participation in SSROCC projects.
		To monitor the performance of the contractor of the waste collection service to ensure that all residents are provided with an efficient & effective service Development of Waste Management Strategy	Percentage of complaints overdue <5%	All complaints are monitored and evaluated at regular interviews	Strategy to be written in conjunction with the next collection contract due to expire June 2011
Ensure the best possible management of Council resources in a context of its statutory obligations (OBJ.5)	To maintain the highest possible standards in municipal waste collection		Development and implementation of strategy outcomes		Waste strategy to compare the environmental and financial benefits of food recovery against AWT.
Ensure the protection of the environment of Canada Bay (OBJ.9)	Conduct a food waste trial within the city	Report on the benefits and costs of implementing a food waste service	Decision on whether to introduce a food waste collection system in the City of Canada Bay.		

# Technical Services and Operation

## Buildings

		2008/2009 ANNUAL REPORT DELIVERY SUMMARY	
CORPORATE OBJECTIVE	OUTCOMES	ACTIONS FOR 2008/09	PERFORMANCE MEASURES
Plan for the long-term interests and needs of the community (OBJ.3)	Council has a 5-10yr strategy to ensure that its assets are managed to meet the needs of the community	Address Infrastructure Demand Forecasts in an initial short/medium term Building Assets Management Plan	Reviewed relevant information to identify potential future demand, including ABS figures and other Council adopted plans Developed 3- 5 year Demand Management Plan for Council Buildings and include in an initial Building Assets Management Plan
	Council has significantly upgraded its facilities to meet the needs of a changing demographic and growing population	Construct major building facilities to address the growing needs of the City	Cabralta Pool Facilities Renewal Completed Rhodes Education Facility Completed

## Drainage

CORPORATE OBJECTIVE	OUTCOMES	ACTIONS FOR 2008/09	PERFORMANCE MEASURES	2008/2009 ANNUAL REPORT DELIVERY SUMMARY
Ensure the protection of the environment of Canada Bay (OBJ.9)	To improve the quality of water being discharged to Parramatta River	Stage implement of Homebush Bay Stormwater Management Plan and Lower Parramatta River Stormwater Management Plan (SMP)	Area wide high impact items implemented as identified in the Capital Works Program (CWP) (See page 111) Measure identified's from SMPs implemented	Two Gross Pollutant Traps constructed in Brays Bay (Lovedale Place) in accordance with Capital Works Programme.
	There is a reduction of the quantity of water being discharged	Ensure that all construction and maintenance activities do not contribute to urban pollution	No recorded instances of Urban pollution being discharged to the drainage network Random monitoring records low level of pollution are conducted	Ongoing management of erosion and sedimentation controls are maintained on all work site
Ensure the long term financial sustainability of Council's assets (OBJ.10)	Council assets are protected using long term plans	Continue to develop the asset register and condition assessments of Council's drainage assets by validating data	Council has a 5-10 year strategy to ensure that its assets are managed to optimise use and long term viability Fair value assessment completed	Review of Asset Management Plan, 1-4, 10 year programmes required annually. Review of the Fair value is also required.
	Drainage Network is assessed to ensure efficient management of stormwater	Obtain funds and undertake drainage maintenance to failed and inadequate structures and systems Develop information on extent of flooding and drainage capacity required	Flooding inconvenience are minimised in accordance with CWP (See page 111) Accurate City-wide drainage model of catchments is completed	Maintenance works carried as required throughout the year
		Identify substandard drainage and required upgrade drainages to facilities to improve stormwater flow and minimise flooding	Drainage facilities outlined in CWP to improve stormwater flow and minimise flooding are upgraded (See page 111)	The following capital drainage works were completed: Loch Maree Parade Killoola Street Emily Street Wymston Parade Blaxland Road Commettowe Street Crane Street Regatta Road Quandong Street
	Water conservation initiatives are incorporated in the Water Savings Action Plan	Make significant water savings in accordance with the Water Savings Action Plan recommendations Contribute to a City wide implementation of the Water Savings Action Plan (WSP) Commence Implementation of water components of the Water Savings Action Plan.	Reduced water usage (Subject to CWP) (See page 111)	Project is ongoing
		Actions & Measures identified in WSP Components implemented	Actions & Measures identified in WSP Components implemented	Project is ongoing Powells Creek Stormwater Harvesting Project Completed Concord Oval Stormwater Harvesting project Completed

CORPORATE OBJECTIVE	OUTCOMES	ACTIONS FOR 2008/09	PERFORMANCE MEASURES	2008/2009 ANNUAL REPORT DELIVERY SUMMARY
Ensure the long term financial sustainability of Council's assets (Obj.10) (Cont.)	There is a reduction in nuisance and damage caused by stormwater	Upgrade Drainage Facilities to improve stormwater flow and minimise flooding	Flooding damage and inconvenience minimised in accordance with CWP	The following capital drainage works were completed: Loch Maree Parade Killoola Street Emily Street Wynston Parade Blaxland Road Cometrowe Street Crane Street Regatta Road Quandong Street
	Increased construction and maintenance of stormwater infrastructure achieved	Construct and maintain stormwater infrastructure items funded by Stormwater Management Services Charge SMS and upgrade known problem areas	All Stormwater Management Services Charge items scheduled for 2008/09 are completed Flooding inconvenience minimised	The following capital drainage works were completed: Loch Maree Parade Killoola Street Emily Street Wynston Parade Blaxland Road Cometrowe Street Crane Street Regatta Road Quandong Street

## Foreshore Structures

		2008/2009 ANNUAL REPORT DELIVERY SUMMARY	
CORPORATE OBJECTIVE	OUTCOMES	ACTIONS FOR 2008/09	PERFORMANCE MEASURES
Develop long term plans to ensure the sustainability of Council's operations (OBJ.8)	Council has a 5-10yr strategy to ensure that its assets are managed to optimise use and long term viability	<p>Identify current levels of service provided by Council with respect to foreshore infrastructure</p> <p>Develop and implement a foreshore infrastructure replacement, refurbishment, augmentation and demolition strategy</p>	<p>A comprehensive list of current levels of service with respect to Council's foreshore infrastructure is developed</p> <p>Life cycle cost estimates for the provision of Council's foreshore infrastructure are determined</p> <p>Asset register developed that contains conditions assessments of Council's foreshore structure assets</p> <p>All relevant Council adopted plans and strategies are reviewed and foreshore data is validated</p> <p>A 3-5 year capital works and maintenance program for Council's foreshore infrastructure is developed</p>
Ensure the protection of the environment of Canada Bay (OBJ.9)	Identify potential foreshore infrastructure refurbishments and acquisitions in long term asset management plans	<p>Identify opportunities for foreshore refurbishment and acquisitions through current and future developments</p>	<p>Reviewed all relevant planning strategies (including Master Plans and Plans of Management)</p> <p>List of opportunities for future foreshore development prepared</p> <p>A 3-5 year augmentation plan for Council's foreshore infrastructure is developed</p>
Ensure the long term financial sustainability of Council's assets (OBJ.10)	Council has a 5-10yr strategy to ensure that its assets are managed to optimise use and long term viability	<p>Develop Asset Management Plans that link with Council's new Community Strategic Plan and Long Term Financial Sustainability Plan</p>	<p>The 1,4,10 year programme of works is unable to be funded under the present funding levels. Alternative funding sources are required to commence programme of works.</p> <p>Repair works are being carried out with maintenance funding</p>

# Infrastructure Management

CORPORATE OBJECTIVE	OUTCOMES	ACTIONS FOR 2008/09	PERFORMANCE MEASURES	2008/2009 ANNUAL REPORT DELIVERY SUMMARY
Plan for the long-term interests and needs of the community (OBJ.3)	Council has a 5-10yr strategy to ensure that its assets are managed to meet the needs of the community	Address Infrastructure Demand Forecasts in an initial short/medium term Asset Management Plan	Review relevant documents, including demographic data and population projections, to identify future infrastructure demands	1,4,10 year programmes are being delivered in accordance with the approved capital works budget
Ensure the best possible management of Council resources in a context of its statutory obligations (OBJ.5)	Council complies with asset reporting in accordance with all relevant legislation and statutory requirements	Develop an Asset Management system that allows for comprehensive reporting of Council's assets	3- 5 year Demand Management Plan in association with an initial Asset Management Plan developed	Finalisation of the Asset management plans and a review of the fair values are required prior to reporting to Department of Local Government.
Develop long term plans to ensure the sustainability of Council's operations (OBJ.8)	Council has a 5-10yr strategy to ensure that its assets are managed to optimise use and long term viability	Develop a Corporate Asset Management Framework through the Asset Management Reference Group (AMRG)	Compile a complete Council assets register, with condition assessments of all of Council's Assets	Undertaken an evaluation of assets to 'Fair Value' in accordance with DLG requirements
		Develop a Corporate Asset Management Framework through the Asset Management Reference Group (AMRG)	Agreement on the Terms of Reference for Council's AMRG	The Asset Management Reference Group has achieved an Asset Management Policy , Strategy and draft Asset Management Plans. Council has adopted an asset management system to corporatise the management of assets.
		Developed a set of Corporate Asset Management policies and procedures	Developed a Corporate Asset Management system that links all divisions within Council	Developed a 3-5year capital works and maintenance schedule, using information from the assets register and condition assessments
		Developed a Corporate Asset Management system that links all divisions within Council	A comprehensive list of current levels of service provided by Council is developed	Level of service that each asset group is providing to the community is detailed within the asset management plan. Generally Council has a declining level of service and requires a significant investment in asset renewal to slow the rate of asset level of service decline.
			The cost of providing each of the services is determined	Council has completed the water savings and energy saving projects indentified in the Capital Works Budget.
Ensure the protection of the environment of Canada Bay (OBJ.9)	Council considers and develops strategies at minimising green house gas emissions & general pollution	Incorporate energy considerations, global warming and other external influences as policy issues	Implemented Council's Energy and Water Savings Action Plans as identified in the Capital Works Program (See page 111)	Concord Oval Rainwater harvesting completed Powells Creek Reserve Stormwater harvesting completed.

CORPORATE OBJECTIVE		OUTCOMES	ACTIONS FOR 2008/09	PERFORMANCE MEASURES	2008/2009 ANNUAL REPORT DELIVERY SUMMARY
of Council's assets (OBJ.10)	that its assets are managed to optimise use and long term viability	Financial Sustainability Plan	Future infrastructure projects to consider long term maintenance budget implications	Life-cycle costing figures are included in Council's annual budget estimates	Initial Asset Management Plan funding availability until alternative funding sources can be achieved.

## Lighting of Public Places

CORPORATE OBJECTIVE	OUTCOMES	ACTIONS FOR 2008/09	PERFORMANCE MEASURES	2008/2009 ANNUAL REPORT DELIVERY SUMMARY
Develop long term plans to ensure the sustainability of Council's operations (OBJ.8)	Council has a 5-10yr strategy to ensure that its assets are managed to optimise use and long term viability	<p>Develop an asset register and conditions assessments of Council owned street lighting assets</p> <p>Identify the current open space lighting levels provided by Council and include in long term Asset Management Plans</p>	<p>Register of Council owned street lighting assets is completed</p> <p>Assessment of the condition of Council owned street lighting assets completed</p> <p>Developed a comprehensive list of current levels of service provided by Council</p> <p>Current lighting levels in open space reviewed for risk and energy ratings</p> <p>Developed a complete lighting asset data base, comprising condition assessments for all Councils open space lighting assets</p> <p>Determined the life cycle cost of providing each of the services</p> <p>Developed a 3-5 year capital works and maintenance program for open space lighting</p>	<p>Register commenced, Street Lighting Assets require incorporation into Asset Management Plan and GIS system.</p> <p>Asset register completed. Maintenance program under development. Incorporation of maintenance programme into Asset Management Plan is the next action required.</p>
Ensure the protection of the environment of Canada Bay (OBJ.9)	Council considers and develops strategies at minimising green house gas emissions & general pollution	Incorporate energy considerations, global warming and other external influences in the development of an Open Space Lighting Policy	Representations made to electricity supplier	<p>As open space lighting is renewed. Energy efficient lights are being used to replace old technology lighting</p>
Ensure the long term financial sustainability of Council's assets (OBJ.10)	Council has a 5-10yr strategy to ensure that its assets are managed to optimise use and long term viability	Advocate the use of lower power consumption lamps to reduce energy consumption	Life-cycle costing figures determined for each open space lighting option and included in an evaluation matrix, prior to drafting Council's Open Space Lighting strategy	<p>Energy Australia are now replacing old technology lighting with new technology lighting which has significantly improved the efficiency of the street lights ie A significant increase in the measured lux output per watt input.</p> <p>As new sports field lighting projects and renewal of lights occur, lifecycle costs are considered in the selection of the lights and lighting systems to ensure lamp longevity, minimise maintenance costs and electrical consumption.</p>

## Road Safety

CORPORATE OBJECTIVE		OUTCOMES	ACTIONS FOR 2008/09	PERFORMANCE MEASURES	2008/2009 ANNUAL REPORT DELIVERY SUMMARY
Promote the benefits of living in the City (OBJ.2)	Higher usage of bicycles and the local bicycles paths are promoted	Promote the use of bicycle usage in Bike Week	An article in Bayside Brief Press release produced and distributed	Completed	
Support, enhance and localise state, regional strategies and actions in enforcement and public education activities that correspond to local priorities	Road safety campaigns have been conducted which help make usage of local road network safer for all users	Conduct local speed campaigns to educate drivers to reduce speed in local streets Address school children about road safety issues	Evaluation of speed monitoring on local streets All local schools approached to address safety issues with schools Presentations given to all schools who have accepted the invitations	2008/09 speed reduction completed. RTA evaluation forwarded.	All Schools offered presentations.
		Conduct a seniors driving and pedestrian program Conduct relevant RTA funded programs	All funded Roads and Traffic Authority RTA campaigns conducted	2008/09 program. 2008/09 program.	
		Local road safety issues are advocated at relevant forums	Represent and articulate the road safety issues at forums in council and the community	Council actively participates in regional road safety forums All relevant road safety issues are communicated at regional forums	<ul style="list-style-type: none"> <li>• Disability Forum</li> <li>• Aging Transport Strategy</li> <li>• Youth Week</li> <li>• RTA Workshops</li> </ul>

## Roads

CORPORATE OBJECTIVE	OUTCOMES	ACTIONS FOR 2008/09	PERFORMANCE MEASURES	2008/2009 ANNUAL REPORT DELIVERY SUMMARY
Ensure the protection of Council assets by the formation of long-term plans (OBJ 9)	The condition of Council's roads assets are known and included in a register which assists in establishing maintenance and replacement schedule	Implement Pavement Management Software  To prepare and implement a program of works are prepared an implements to retain the road network in a safe and satisfactory condition	A 5-10 year strategy to ensure that the roads assets are managed to optimise use and long term viability are prepared	Pavement management system implemented providing condition assessment for every road pavement together with a 15 year prioritised pavement renewal programmed linked to Council's Long Term Financial Plan

# Traffic and Transport Management

CORPORATE OBJECTIVE		OUTCOMES	ACTIONS FOR 2008/09	PERFORMANCE MEASURES	2008/2009 ANNUAL REPORT DELIVERY SUMMARY
Engage the community to guide Council to optimise its performance in a context of changing demands. (OBJ.1)	There is regular dialogue between council and the community on major traffic and parking issues	Monitor traffic flows and parking traffic, inviting consultation from surrounding areas to provide input on issues and potential solutions		Council Conducted extensive consultation associated with the Central Concord LATM scheme. Council represented the Community in regards to the Traffic, Transport and parking impacted associated with the RTA's Inner West Busway project.	
Ensure the protection of the environment of Canada Bay (OBJ.9)	Traffic network provides the best possible flows within internal and external constraints	Monitor traffic flows throughout the city and identify areas of traffic congestion Develop a traffic strategic plan listing recommendations to enhance the capacity of the Canada Bay's local road networks	List of locations of traffic congestion developed outlining priority to address	Traffic congestion in Burwood Road identified and referred to the RTA for their resolution.	
	Council and State authorities work cooperatively to improve public safety and infrastructure provision	Develop an implementation plan to address safety at the bus/rail interchange at Strathfield Station Advocate for increased bus and ferry services	Parking controls were modified to better accommodate safer pedestrian drop off and pick up areas for cars and taxis	Council has represented community to the RTA to improve the traffic congestion associated with the Victoria Road Corridor. The development of Council's Integrated Transport plan will address Council's responses to increase traffic volume pressure on Council's roads	Ongoing representations were made to increase the level of service for the 460 bus route were made. Council has also made representations in regard to the loss of ferry services during extreme low tides.
Ensure the long term financial sustainability of Council's assets (OBJ.10)	Canada Bay local road network is improved to assist in the addressing the demands of a growing population	Construct traffic facilities in accordance with Section 94 plans	Issues raised through investigation of Public Transport services are presented to relevant State and regional authorities Three representations to State and regional transport authorities advocating for increase public transport services	Completion of works program including LATMs	Concord LATM completed
	Major infrastructure recommended in PAMPS study is constructed	Implement infrastructure and maintenance items outlined in PAMPS study. (Subject to funding)	Ramps are constructed in accordance with Capital Works Plan (CWP) schedule (See page 111)	PAMPS works prioritised in the Capital Works Programme completed	
Promote walking and cycling in the City of Canada Bay	Increased safe use of bicycles for recreation and transport	Implement the recommendations of the Canada Bay Bicycle Plan To continue Bay Run works. (Subject to State government funding)	Canada Bay Bicycle Plan recommendations implemented Details of Bay Run works completed in accordance with CWP (See page 111)	Bike plan works completed in Russell Park Bay Run works completed to Thompson Street	

CORPORATE OBJECTIVE	OUTCOMES	ACTIONS FOR 2008/09	PERFORMANCE MEASURES	2008/2009 ANNUAL REPORT DELIVERY SUMMARY
Manage high demand of parking around shopping centres, schools and transport facilities	Council optimises and balances the parking and transport facility needs of residents, commuters, shop owners, customers and motorists	Implement and review (if required) the recommendations of parking studies	Details of study recommendations implemented in accordance with CWP	Modifications to parking controls as required have been implemented.
