FUNDING
FROM THE
CITY OF
CANADA BAY

2023-2024 COMMUNITY FUNDING GUIDELINES

Overview

The City of Canada Bay is committed to supporting community projects that support key directions represented in Council's Community Strategic Plan, Our Future 2036 through a range of community funding programs each year.

These annual funding programs are:

Community Grants Program – providing support for local not-for-profit organisations and projects which benefit City of Canada Bay Council residents.

The Program aims to:

- Address emerging issues and promote diversity and inclusion for marginalised people in our community.
- Foster social participation, community connection and wellbeing projects and activities in our community.
- Focus on delivering equitable social, community, recreational and cultural benefits to the community.
- Encourage increased skills and capacity of local groups to plan, develop and implement self-managed programs to address a local social issue or need.
- Support the operation of community groups and non-profit organisations in the City of Canada Bay Council.

Small Environmental Grants for Schools - supporting sustainability and environmental projects in primary and secondary schools and their communities.

The Program aims to:

- Encourage and support environmental and sustainability outcomes in schools and school's communities.
- Foster whole of school engagement in projects that protect or enhance the environment.
- Encourage projects that develop knowledge, skills and active involvement about and for the environment.

Community Sponsorship Program - a contractual agreement between Council and a third party. It is a commercial arrangement which offers cash or value-in-kind support to a project, event or initiative in return for a specified benefit. Unlike grants, in a sponsorship agreement, Council has an expectation of a return on investment, such as increased profile through the initiative's publicity and promotional activities.

Applicants may seek sponsorship from Council in the following ways:

- Value-in-kind contribution (venue hire support)
- Cash contribution
- A combination of value-in-kind and cash contribution

Our Future 2036 (Community Strategic Plan)

Applications for funding must align with one or more of the five directions:

1. Connected Community
2. Sustainable and Thriving Environment
3. Vibrant Urban Living
4. Infrastructure and Transport
5. Civic Leadership

Available Funding

Community Grants Program - a total of \$65,000 in grant funding is available in two different categories for the 2023/2024 financial year:

- Community Support Grant – funding up to \$1,000 to support existing operations (such as equipment)
- Community Development Grant – funding up to \$5,000 to support diverse and inclusive community development projects and programs (such as addressing community mental health and wellbeing, young people, women, seniors, people with disability and our LGBTQIA+ community)

Small Environmental Grants Program for Schools - a total of \$10,000 in grant funding is available in two different categories for the 2023/2024 financial year:

- Support Grant – funding up to \$1,000 to expand on existing projects.
- Development Grant – funding up to \$3,000 for the implementation of new projects

Community Sponsorship Program - a total of \$114,115 is available for sponsorship of community events for the 2023/2024 financial year.

* Funding amounts are cash values excluding GST. Applying for funding indicates willingness to acquit expenses, acknowledge Council's support and report project outcomes as required.

Assessment and reporting

The City of Canada Bay will review all applications in accordance with the conditions set out in these guidelines and governing legislation, which can be viewed at [here](#).

- A recommendation of funding agreements for the Community Grants and Community Sponsorship Programs to be entered into will be outlined in a report to Council for final determination.
- The General Manager can consider applications for Reduction/Waiver of Fees
- All applicants will be advised of the result of their submission as soon as the Council makes its decision. We aim for one month after close of submissions. Council advises that applicants consider this timeframe when applying or preparing to apply. Council reserves the right to adjust this timeframe in complex applications beyond their control and will advise the applicant if this happens.

All funding will be undertaken in accordance with Council's policies and legislative requirements and to the mutual benefit of both parties. When Council determines applications for funding, it will do so in a professional and coordinated manner that will withstand scrutiny and complies with relevant policies. Council will only consider engaging in funding agreements where:

- Funding could make it possible for a company/organisation to undertake beneficial non-core activities that could not otherwise be funded or undertaken to the same extent.
- Funding could either reduce the cost of a particular event or activity or enable it, in the public interest, to be expanded or enhanced; and
- Funding could achieve greater community awareness or public profile for Council, a particular service, program or product, than may otherwise have been possible.

Successful applicants must sign and comply with a Funding Agreement which includes a requirement for:

- Acknowledgement of Council (including logo) as a supporter of the event/initiative
- Council is to have the opportunity to display banners (supplied by Council)
- Council is to have the opportunity for a stall at all events.

As part of the funding acquittal process, recipients are to supply an acquittal report within two months of completion of the activity, as evidence that the activity was held as described in the application. Acquittal reports must include an income and expenditure summary, examples of promotional material and photos. Applicants will not be considered for future funding if the acquittal report is not received by Council by the due date.

Funding cannot be used for purposes different to those detailed in the original application. Any variation to funding arrangements must be notified to Council in writing and approved by Council prior to any funding being expended.

Important policy matters

- No Council officer or Councillor or their relatives or partners should seek or receive a personal benefit or be perceived to receive a personal benefit from a funding agreement.
- There should be no real or perceived conflict between the objectives and mission of Council and those of the applicant or the company/organisation seeking funding.

- Council will not implement a funding agreement with any party engaged in current or pending legal proceedings involving the Council or where the proposed agreement would contravene any section of the Local Government Act 1993 or where the proposed arrangement may expose Councillors, the Council or its staff to conflicts of interest.
- Similarly, if the term of the funding agreement has commenced, and a conflict involving legal proceedings arises, the agreement will be terminated immediately.
- A funding agreement may be reviewed in any case where, during the life of the funding, the applicant has a current application or matter before Council, or Council is aware of the possibility of an application or matter coming before the Council in the near future. Similarly, any attempted influence of Council's functions will result in an automatic review and/or termination of the funding arrangement.
- Sponsor benefits or any sponsorship entered into with Council do not include implied endorsement by Council of the sponsors goods or services. Sponsorship agreements do not permit the use of Council's logo to promote their product.
