

EVENT GUIDE: CREATING INCLUSIVE & ACCESSIBLE EVENTS

Use this event guide to help design your events at the initial planning stage to consider accessibility needs.

Developing an Accessibility Plan can help you identify ways to make your event more inclusive for everyone, meaning more people can enjoy your event.

The NSW Toolkit states:

With more than 20% of the NSW population living with disability, making your event accessible is also an important commercial decision. Promoting an event's focus on accessibility may also be an attractive prospect for supporting partners or sponsors.

Event participants with accessible needs may include:

a person who is deaf or hard of hearing

a person who is blind or has low vision

a person with intellectual disability

a person pushing a stroller or pram

an older person

a person with sensory sensitivities or who is neurodivergent

a person who has a non-visible disability

a person with chronic illness

a person who is a wheelchair user

Some event participants might be born with a disability or they may acquire a disability, temporarily or permanently, at some point in their life. As we all age, accessibility needs might increase. Universal access means creating inclusive services, products and spaces to cater to everyone's abilities.

NSW GOVERNMENT TOOLKIT

The Toolkit aims to assist organisers in creating an event that is accessible to all members of the community with considerations about:

BUDGET

TICKETS & REGISTRATION

SOUND

LIGHTING

SIGNAGE

TRANSPORT

VENUE

STAFF

CATERING

CONTENT & INFORMATION

MARKETING & COMMUNICATIONS

INFRASTRUCTURE & SEATING

OUTDOOR EVENTS

ASSISTANCE ANIMALS
