Pricing Policy

In accordance with Section 608 of the Local Government Act 1993 and other relevant legislation, City of Canada Bay Council charges and recovers approved fees and charges for any services it provides as contained within the document entitled "Fees and Charges 2018-19".

Fees and charges are generally intended to be imposed on the following services provided by Council under the Local Government Act or any other Act or regulations:

- Supply of a product, service or commodity;
- Giving of information;
- Providing a service in connection with the exercise of the Council's regulatory functions, including receiving an application for approval, granting an approval, making an inspection and issuing a certificate;

- Possession, occupation or enjoyment of a rail, pipe, wire, pole, cable, tunnel or structure laid, erected, suspended, constructed or placed on, under or over a public place (s.611)
- Allowing the use or benefit from Council's assets, possessions, etc.

City of Canada Bay Council's general policy in determining the amount of fees to be charged for goods and services considers the following factors:

- The importance of the service to the community
- Prices fixed by the relevant industry body
- Any factors specified in the Local Government Regulations
- Equity factors
- User pays principle
- Financial objectives
- Customer objectives
- Resource use objectives
- Market prices
- Cross subsidisation objectives
- Goods and Services Tax (GST)

In cases where the amount of fees and charges for service is determined under another Act or regulatory body, Council's policy is not to determine an amount that is inconsistent with the amount determined under the other Act or regulatory body.

All of Council's fees and charges not subject to statutory control are reviewed on an annual basis prior to finalisation of Council's annual operating budget.
