The Resident
ABBOTSFORD NSW 2137

Dear Resident,

Construction works notification – Henry Lawson Park, Abbotsford

As part of our Delivery Plan and our commitment to improving local parks, I am pleased to announce that we are ready to start works on the Henry Lawson Park upgrade.

Community feedback from our consultation conducted in December 2018 has been incorporated in the final design.

The design includes:

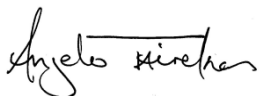

- Shared pedestrian/cycle path along the foreshore, improving connectivity to the Hen and Chicken Bay shared pathway
- Pedestrian path from the new shared foreshore path to the sandstone steps at the north eastern side of the park
- New park furniture including picnic shelters, seating and barbecue
- New native plantings.

The proposed works have an estimated value of \$600,000 and are expected to commence in late September, with completion planned by late December, weather and site conditions permitting.

The hours of work will be between 7am and 5pm Monday to Friday. During the works period, we will endeavour to minimise disturbance and disruption to traffic and pedestrians.

Should you require further information, please do not hesitate to contact our Civil and Environmental Engineer, Daniel Wood, on 9911 6334.

Kind regards,

Mayor Angelo Tsirekas
City of Canada Bay
