- The construction of new bus shelter, blister islands, kerb and gutter, and associated civil works.
- Construction of new parking bays.

A site plan showing the location of the works is attached for your reference.

These works are scheduled to commence at the end of October 2025, with completion expected by the end of November 2025, weather permitting.

Works will be carried out between Monday and Friday from 7am to 5pm. There may however be instances that will require work to be undertaken outside of these hours. Your patience and cooperation during this time is appreciated.
